Laurelville Transferred To Logan Elm

Benton Twp. Pupils To Go To Logan City Schools

The Hocking County Board of Education Tuesday assigned all of the Laurelville School District with the exception of Benton Twp. to the Logan Elm School District.

The Hocking County Board followed the wishes of the citizens of Benton Twp. indicated in a survey in which the vote was 101 to 26 in favor of being assigned to Logan City Schools. Logan has unofficially indicated that Benton Twp. district will be accepted.

Last night's action of the Hocking County Board followed on the heels of the decision of the State Board of Education to revoke the Laurelville School charter.

The area to be transferred to Logan Elm School District includes Salter Creek, Perry and part of Laurel Townships and the village of Laurelville.

LOGAN Elm Superintendent John Henn has already begun making plans to insure the smoother transfer of the district. "We had expected it and now since it has taken place we are trying to get the transfer in progress before the end of the school year," Henn said.

The revocation is effective June 30 and the transfer will actually begin with the start of the 1972-73 school term.

Henn and Laurelville Superintendent Glen Christy were conferring today on teacher and non certified personnel, bus routes and other matters that will be involved in the transfer.

Cleveland Vote Foulup Hits Again

CLEVELAND, Ohio (AP)—Despite the Cuyahoga County Election Board's most careful efforts to hold a perfect special election to compensate for the monstrous voting foulup May 2, a minor snafu occurred.

The vote tabulation was delayed several hours when workers in six of the 34 precincts involved in the special election Tuesday failed to follow instructions.

Instead of recording the vote in pollbooks that are counted in the final totals, they placed the totals with ballot bags that were sent down a ramp into the basement of the election board offices for storage.

Election officials spent hours searching the basement for the missing tabulations before locating them.

Some 17,000 voters are registered in the 34 precincts, but officials reported that only 3,113 cast ballots in the special election—a turnout too small to affect major state races.

The special election was ordered by U.S. District Court Judge Frank Battisti, who ruled that voters in the 34 scattered precincts had been denied their right to vote in the May 2 primary.

PORTS MINED — The largest U.S. air and naval task force ever assembled in Vietnam mined the entrance to Haiphong harbor and four other North Vietnam ports, Hon Gai, Cam Pha, Quang Khe and Dong Hoi. U.S. planes also struck rail lines and highways throughout North Vietnam.

McGovern Wins Nebraska, HHH West Virginia

By CARL P. LEUBSDORF
AP Political Writer

Sen. George McGovern has defeated Sen. Hubert H. Humphrey in their Nebraska primary and Humphrey walloped Gov. George C. Wallace to score what he termed "a truly magnificent and great victory" in West Virginia.

"I have a strong and growing hunch this will be a big victory for us," McGovern told his Nebraska supporters in Omaha by telephone from Washington shortly before returns from Lincoln and rural areas gave him victory in the clearest test between the two Democratic presidential hopefuls before their June 6 California contest.

The South Dakota senator seemed likely to emerge as West Virginia's 35 delegates to the Democratic National Convention. They are being chosen separately from the nonbinding preference contest in which McGovern wasn't entered.

Both primaries Tuesday featured nonbinding presidential preference contests and separate delegate races, with long lists of candidates likely to delay the final results until later in the week.

In Nebraska, McGovern took the lead as the count neared the halfway mark after he trailed in earlier returns weighted heavily with votes from Omaha, where Humphrey had strong union backing.

Humphrey had staged a strong last-week drive to overcome the South Dakota senator.

Hayes Eyes Soviet Lack Of Response

WASHINGTON (AP)—Rep. Wayne Hayes, D-Ohio, said Tuesday he thought it was significant that Russia did not make an immediate official response to President Nixon's decision to mine harbors of North Vietnam.

"I think they're waiting to see how much support they get in Congress for defying the President before they decide what to do, and I, for one, am not going to give them any encouragement," Hayes said.

tor's nine-month organizing campaign in the conservative, predominantly Republican rural state.

McGovern said in Washington that Humphrey's inroads into his support during the last week were the result of what he called "scare tactics" revolving around his views on legalization of marijuana, abortion and amnesty.

Wallace, who didn't campaign in Nebraska, ran a respectable third while eight others trailed far behind.

In West Virginia, Humphrey won a 2-1 victory over Wallace, his only rival in the nonbinding preference race and said the result was especially meaningful because "the rest of the candidates ran out" of a clash with Wallace.

The Alabama governor had virtually conceded the race last Friday when he canceled his only scheduled appearance in West Virginia to concentrate on (Continued on Page 2)

North Viets Rip Nixon

HONG KONG (AP)—North Vietnam declared today that the U.S. mining of North Vietnamese ports was "a criminal violation of international law leading to extremely dangerous consequences."

"The U.S. aggressor should be warned," said the official Hanoi newspaper Nhan Dan, "that trade relations and communications between the Democratic Republic of Vietnam and other nations is based on international law."

"U.S. defiance of that international law is a criminal pirate act that insolently provokes those nations who have relations and communications with Vietnam. The U.S. must bear full responsibility for the results of that provocation."

Nhan Dan made no mention by name of the Soviet Union, which sends most of its military aid to North Vietnam by sea.

U.S. Jets Down 7 MIGs During Assault On North Viet Refugee River Nears Flood

By HUGH A. MULLIGAN
AP Special Correspondent

DA-NANG, Vietnam (AP)—Vietnam's great river of sorrow is at flood tide again as hundreds of thousands of refugees stream out of their homes and villages, away from the enemy, away from the bombings and the artillery barrages.

By boat and army truck, they come in an endless flow of misery, on foot, on motorbikes, on incredibly overloaded buses from places that are no more. Dong Ha. Quang Tri. Cam Lo.

Da Nang is the mouth of the great river; more than 30,000 homeless have poured into the lovely old French port at the bottom of the 3,000-foot-high Hai Van Pass, the Pass of the Clouds.

Some never get there at all. The carcasses of two army trucks and a bus that once ran from Dong Ha to Hue to Da Nang lie in deep ravines among a rubble of shattered crates and suitcases, mute testimony to the treacherous curves on the winding, climbing road through the pass.

A few days ago a wooden and straw junk, loaded with 110 refugees, capsized and sank in a storm along the coast.

American civilians working with Vietnamese welfare officials estimate 250,000 persons are trapped in the northern villages between the new front

line above Hue and the demilitarized zone.

Camp Books, which the U.S. 1st Marine Division vacated two years ago, is a ghost town come back to life. Families from Dong Ha and Cam Lo, which the Marines once secured and pacified, hang their washing and cook their noonday rice in the screened-in barracks still bearing the signs.

"Gunnery Sergeant's Hooch," "Exchange Laundry Shop," "Personnel Decon Station," "A Company Mess Hall."

For some, from the country, the living is easier than they have ever known: electricity, fresh water, plumbing, housing with tin roofs, wooden floors and screens. Vietnamese public health officers visit the eight military camps reclaimed from

the past, lecturing the people on how to use the toilets.

The best organized refugee center is Camp Land, a former U.S. prison stockade still ringed with watchtowers and 12-foot-high concertinas of triple mesh barbed wire. The camp's self-government committee, meeting in what once was the warden's office, has organized bus (Continued on Page 2)

Ohio Assembly Makes New Try At Parochial Aid Bill

COLUMBUS, Ohio (AP)—

The Ohio General Assembly began another bipartisan attempt Tuesday at carving constitutional legislation that would provide state aid to non-public schools.

Applauded immediately by House Speaker Charles Kurfess, a bill introduced Tuesday would allow credits against the new state income tax for parents of parochial school students.

The measure was introduced by Rep. Norman Murdock, R-77 Cincinnati. It had another Republican and two Democrats as co-sponsors.

Murdock said the bill would go to his Health, Education and Welfare Committee within the week. Kurfess predicted final House floor action on the measure around June 1.

In the Senate Tuesday, controversial legislation to create a state Environmental Protection Agency was reported out of the Environmental Affairs Committee.

The measure, sponsored by Sen. Ralph Regula, R-29 Navarre, would put the state's air and water pollution control agencies within the new department, with a director, appointed by the governor, having wide enforcement powers.

Gov. John Gilligan considers the legislation among the most important backed by his administration.

But the measure has been embroiled in controversy from its inception in July, 1971.

Most opposition has come from industry and the Ohio Manufacturers Association.

County Board of Elections officials say June 16 is the deadline for candidates on the May 2 primary ballot to file expenses. The deadline is for write-in candidates and committees, also.

Thieu Declares Martial Law

SAIGON (AP)—President Nguyen Van Thieu proclaimed martial law throughout South Vietnam effective at midnight, the government radio and television network announced.

Since 1963, South Vietnam has been under various forms of national emergency decrees, and it was not immediately known how the new order would affect existing laws.

A brief announcement said only that martial law was being instituted.

which contends the bill is too broad and could hurt industrial expansion in the state.

In other action Tuesday, Senate Majority Leader Anthony Calabrese, D-22 Cleveland, introduced legislation aimed at avoiding a repeat of voting machine foulups that Cuyahoga County experienced in the recent Ohio primary.

The bill would require boards of elections to inspect, put in

working order, lock and seal all voting machines two weeks prior to elections. Election officials then would be required to submit a record of such action to the secretary of state for his approval.

The House passed 76-0 and sent to the Senate a bill allowing the sale of Dayton State Hospital farmland in Kettering. Sponsors said the land, once used in therapy programs for patients, no longer was needed.

2 Rescued, More Sought In Fire-Ravaged Tunnels

KELLOGG, Idaho (AP)—

Trapped in the hot, murky depths of the fire-ravaged Sun-

shine silver mine, Ron Flory and Tom Wilkenson passed the time by braiding lengths of blasting wire.

It was "something to do with your hands so you wouldn't go out of you mind," said the 29-year-old Wilkenson, who survived a 175-hour ordeal in the mine with coworker Flory, 28. They survived in air and water tapped from a piping system and reportedly ate food from the lunch buckets of dead coworkers.

As Wilkenson and Flory were recovering in a hospital today, rescue workers were geared to continue the search for more than 40 miners missing underground since a fire broke out last Tuesday.

Wilkenson and Flory were found by rescuers Tuesday evening. They said they knew of seven bodies in the area where they were found.

If confirmed, this would raise the death toll to 47 of the more than 200 men who were working when the fire broke out.

Although hospitalized, Wilkenson and Flory were reported in good health.

Propped up in a hospital bed and eating a sandwich and soup, Flory said he would seek new employment and never go down in a mine again. "No way," added his wife, Myrna.

Their headlamps burned out after a few hours, Flory recalled.

The only illumination they had was the lamp of a motor-driven railcar on the tracks along the rough floor of the mineshaft, 4,800 feet below the surface.

The first they knew someone was coming for them was when Flory saw a light.

"I thought maybe we were seeing things," Wilkenson said.

Wilkenson said that during the ordeal they would "eat just a little in the morning, then we'd drink water the rest of the day."

CCA Sells Land To City For \$36,904

Container Corporation of America has sold to the City of Circleville, 61.5 acres of land along the Scioto River for the construction of City Sewage Treatment facilities.

Purchase price of the property and corresponding easements was set at \$36,904. The land is west of the Scioto River and is bounded by State canal lands, private property and the river. No restrictions were placed on the use of the property purchased by the City.

Container Corporation has cooperated with the City since 1937 in a joint sewage treatment facility located on Container Corporation land. Because of the need for more advanced secondary treatment of effluent, both parties mutually agreed that separate facilities proved to be the most economical and efficient course of action at this time.

The new treatment facility for Container Corporation of America has been designed by the engineering firm of Jones and Henry of Toledo. The plant will be located on a site adjacent to the present municipal plant. Construction will be handled by the D. E. Goodchild Company of Circleville with completion scheduled for late summer of 1972.

The design for this new treatment plant has been approved by both the Environmental Protection Agency and the State of Ohio. It will provide an exceptionally high degree of treatment as required by the water quality standards for the Scioto River.

COUNTY Board of Elections officials say June 16 is the deadline for candidates on the May 2 primary ballot to file expenses. The deadline is for write-in candidates and committees, also.

Thieu Declares Martial Law

SAIGON (AP)—President Nguyen Van Thieu proclaimed martial law throughout South Vietnam effective at midnight, the government radio and television network announced.

Since 1963, South Vietnam has been under various forms of national emergency decrees, and it was not immediately known how the new order would affect existing laws.

A brief announcement said only that martial law was being instituted.

Destroyers Shell Haiphong Supply Dumps

SAIGON (AP)—U.S. warplanes shot down seven enemy MIGs today while carrying out the deepest and heaviest air strikes inside North Vietnam in more than four years, the U.S. Command announced.

A destroyer task force also bombarded the Haiphong area. Hanoi Radio claimed that 14 U.S. planes were shot down and "many pilots were captured alive."

The U.S. Command refused to comment on the Hanoi claim and gave no details of the raids, saying only that air and naval strikes were continuing against North Vietnam. But it is the command's policy to withhold announcement of plane losses until the search for missing crewmen is completed.

The U.S. Command did announce the loss of four more aircraft since Sunday, including the crash 20 miles northeast of Saigon today of a big U.S. Army helicopter in which 32 Americans were killed. The command said the cause of that crash was not known but the helicopter was on an administrative noncombat mission.

A total of 36 American helicopters and 34 planes have been lost since the start of the North Vietnamese offensive March 30, the command said, with 64 Americans killed in the crashes, 62 missing and 18 wounded. This includes noncombat as well as combat losses.

Radio Hanoi claimed that nine American planes were shot down in the Hanoi area today, three in the Haiphong area, and two in Yen Bai, the province northwest of the capital through which the railway to China passes.

The broadcast charged that the raiders did great damage to hospitals, schools and residential areas in Hanoi and caused many casualties.

Informed sources in Saigon said as many as 200 strikes were flown today against North Vietnam. The sources said that for the first time since before the partial bombing halt on March 31, 1968, U.S. planes attacked the northwest railway over which China ships some of the arms and ammunition it supplies Hanoi.

The U.S. Command gave no details about the naval shelling in the Haiphong area, but other sources said it was part of (Continued on Page 20)

Antiwar Protests Swirl On Streets, College Campuses

By THE ASSOCIATED PRESS

Growing protests swirled on city streets and college campuses as antiwar demonstrators by the thousands denounced President Nixon's decision to mine North Vietnamese harbors.

It was the most turbulent outburst since the 1970 protests over the U.S. invasion of Cambodia. Most of the demonstrations started peacefully Tuesday or early today but a number ended with violence and vandalism.

Police in Berkeley, Calif.,

fired putty bullets from squad cars in a running battle with window-smashing demonstrators near the University of California campus. Protesters on the University of California campus at Santa Barbara tried unsuccessfully to re-fire a tank burned down in the 1970 violence.

Two persons were wounded by buckshot when police broke up a demonstration in Albuquerque, N.M. There were 150 arrests in Gainesville, Fla., where the mayor requested the National Guard be alerted, and

50 arrested in Boulder, Colo.

In Albuquerque, Carolyn Babb Coburn, 22, a University of New Mexico law student, was hit in the abdomen while covering the demonstration for the student newspaper and was reported in serious condition today. The other victim was treated and released.

About 500 demonstrators had blocked Interstate 25 near downtown when police cleared the area with tear gas. The shootings followed but police said there was doubt as to whether police fired the shot.

In the political arena, critics termed the President's action "reckless," "a high crime" and brinkmanship while supporters praised "a bold move," "a courageous move," "a measured response."

Vice President Spiro T. Agnew told a Republican fundraising dinner Tuesday night at the Ohio Fairgrounds in Columbus that he was "particularly proud of Richard Nixon" for the harbor mining decision.

A crowd of about 350 demonstrators who marched from Ohio State University threw

rocks and potatoes at the vice president's limousine as he arrived. The rear window was cracked but Agnew was unhurt.

In Berkeley more than 3,000 demonstrators broke up a City Council meeting where a peace resolution that included aid to a North Vietnamese hospital was narrowly defeated.

The council meeting came after a day of marching in which windows were broken in banks, parking meters damaged and trash fires set in many streets.

After the meeting the crowd

surged back down Telegraph Avenue and police began using tear gas and putty bullets, which sting and bruise, to quell the window smashing.

By 2 a.m. police had made 30 arrests and dispersed the crowds.

On the campus at Santa Barbara there were peaceful protests by up to 3,000 demonstrators during the day. At one point they blockaded the runway of a nearby airport forcing officials to divert one flight.

Ohio University police arrested 77 students who had oc-

cupied the building housing ROTC offices and classrooms at 4 a.m. today. The arrests came after students were ordered to leave the building.

Between 200 and 250 students had occupied the building Tuesday night. They said they were protesting the Indochina War and ROTC on campus. Most of the demonstrators left when ordered to by police.

Those arrested could face dismissal from school for up to one year under the campus riots act passed in 1970. Most

were charged with trespassing and were held at the Athens fairgrounds pending court hearings later this morning.

While the ROTC protest was under way at Ohio University, another 100 students sat down in the middle of a downtown Athens intersection. Police let them remain for awhile, rerouting traffic, before moving in and dispersing the crowd after a bonfire was lit.

A window in one downtown building was reported broken, and Athens police reportedly (Continued on Page 20)

The plant will be located on a site adjacent to the present municipal plant. Construction will be handled by the D. E. Goodchild Company of Circleville with completion scheduled for late summer of 1972.

The design for this new treatment plant has been approved by both the Environmental Protection Agency and the State of Ohio. It will provide an exceptionally high degree of treatment as required by the water quality standards for the Scioto River.

Roundtown

COUNTY Board of Elections officials say June 16 is the deadline for candidates on the May 2 primary ballot to file expenses. The deadline is for write-in candidates and committees, also.

Thieu Declares Martial Law

SAIGON (AP)—President Nguyen Van Thieu proclaimed martial law throughout South Vietnam effective at midnight, the government radio and television network announced.

Since 1963, South Vietnam has been under various forms of national emergency decrees, and it was not immediately known how the new order would affect existing rules.

A brief announcement said only that martial law was being instituted.

Antiwar Protests Swirl On Streets, College Campuses

By THE ASSOCIATED PRESS

Growing protests swirled on city streets and college campuses as antiwar demonstrators by the thousands denounced President Nixon's decision to mine North Vietnamese harbors.

It was the most turbulent outburst since the 1970 protests over the U.S. invasion of Cambodia. Most of the demonstrations started peacefully Tuesday or early today but a number ended with violence and vandalism.

Police in Berkeley, Calif., fired putty bullets from squad cars in a running battle with window-smashing demonstrators near the University of California campus. Protesters on the University of California campus at Santa Barbara tried unsuccessfully to refire a bank burned down in the 1970 violence.

Two persons were wounded by buckshot when police broke up a demonstration in Albuquerque, N.M. There were 150 arrests in Gainesville, Fla., where the mayor requested the National Guard be alerted, and

50 arrested in Boulder, Colo. In Albuquerque, Carolyn Babb Coburn, 22, a University of New Mexico law student, was hit in the abdomen while covering the demonstration for the student newspaper and was reported in serious condition today. The other victim was treated and released.

About 500 demonstrators had blocked Interstate 25 near downtown when police cleared the area with tear gas. The shootings followed but police said there was doubt as to whether police fired the shot.

In the political arena, critics termed the President's action "reckless," "a high crime" and brinkmanship while supporters praised "a bold move," "a courageous move," "a measured response."

Vice President Spiro T. Agnew told a Republican fundraising dinner Tuesday night at the Ohio Fairgrounds in Columbus that he was "particularly proud of Richard Nixon" for the harbor mining decision.

A crowd of about 350 demonstrators who marched from Ohio State University threw

rocks and potatoes at the vice president's limousine as he arrived. The rear window was cracked but Agnew was unhurt.

In Berkeley more than 3,000 demonstrators broke up a City Council meeting where a peace resolution that included aid to a North Vietnamese hospital was narrowly defeated.

The council meeting came after a day of marching in which windows were broken in banks, parking meters damaged and trash fires set in many streets.

After the meeting the crowd

surged back down Telegraph Avenue and police began using tear gas and putty bullets, which sting and bruise, to quell the window smashing.

By 2 a.m. police had made 30 arrests and dispersed the crowds.

On the campus at Santa Barbara there were peaceful protests by up to 3,000 demonstrators during the day. At one point they blockaded the runway of a nearby airport forcing officials to divert one flight.

Ohio University police arrested 77 students who had oc-

cupied the building housing ROTC offices and classrooms at 4 a.m. today. The arrests came after students were ordered to leave the building.

Between 200 and 250 students had occupied the building Tuesday night. They said they were protesting the Indochina War and ROTC on campus. Most of the demonstrators left when ordered to by police.

Those arrested could face dismissal from school for up to one year under the campus riots act passed in 1970. Most

were charged with trespassing and were held at the Athens fairgrounds pending court hearings later this morning.

While the ROTC protest was under way at Ohio University, another 100 students sat down in the middle of a downtown Athens intersection. Police let them remain for awhile, rerouting traffic, before moving in and dispersing the crowd after a bonfire was lit.

A window in one downtown building was reported broken, and Athens police reportedly (Continued on Page 20)

Scioto Society Seeks Increase; Visits Shawnee

The Scioto Society received word Monday that the project amendment applied for from the Office of the Economic Development Administration had been received and was recommended for approval.

The call from the Chicago regional office of EDA confirmed the project amendment, increasing the total of the grant to the Society to \$487,000. This increase more than compensates for the overrun experienced recently at bid openings for the construction of the drama

amphitheatre and attendant facilities.

Rudolph Oras, EDA project officer, informed the Society that he was forwarding the amendment, recommending approval and that there should be a response from Washington within the week.

According to Society officials, there appears to be no problem in processing the grant amendment as this is frequently done in projects of the type approved for the Scioto Society.

Additionally, W. L. Mundell, executive vice president of The Scioto Society, accompanied by Stuart Withers civil engineer and Richard Dittmar, architect for the Sugarloaf Mountain project, met with the staff of Brig. Gen. Jean G. Peltier to iron out engineering problems that have arisen relative to the construction of the 700 car parking lot on Sugarloaf Mountain. The Society is providing the Ohio National Guard with the additional information they require, and construction of the access road was resumed over the weekend by the guard. They have set a deadline for completion that will accommodate the dedication of the amphitheatre, currently scheduled for Sept. 9, 1972.

Other recent activities of The Society included a visit with the tribal chairman of the Shawnee nation, Arthur Rolette. At Rolette's request, Mundell and Albert Heierman Jr., secretary of the board of trustees flew to Shawnee Okla. and attended the secret and sacred "bread dance" of the Shawnees a privilege rarely extended to white men. There they met other leaders of the Shawnee tribes, and received the endorsement of Rolette for the project that they have undertaken.

The Shawnee chairman gave the Society a hand-made dress, worn by Tecumseh's granddaughter, as a gift for display at the amphitheatre site.

Rolette also asked permission to be present at the premier of "Tecumseh" in order that he might speak to the audience and offer up a chant to Moneto, the Shawnee god, to show his blessing upon the endeavor undertaken in behalf of the memory of their great chief and the Shawnee nation as a whole. His request was granted.

Deputies Check Area Vandalism

Three vandalism claims and a breaking and entering report were filed with the Pickaway County Sheriff's Department Tuesday.

William Shekherd, Commercial Point, told deputies that pranksters hurled two large rocks through the rear windshield of his car.

The glass is valued at \$50. Terry Little, Route 2, Orient, complained that vandals broke wood handles off a plow he used as a mailbox support.

The handles are valued at \$30. Robert C. Duval Route 2, Orient, said his mailbox, valued at \$5 had been broken off its post.

Deputies investigated a break-in at Derby School Monday night.

Entrance was gained by removing a casement window and jumping down into the furnace room. A door was removed from its hinges and the pranksters were traced to the gymnasium. Nothing was reported taken.

Five Injured In Route 23 Auto Wreck

Vancil L. Lawson, 37, Williamsport, was admitted to Berger Hospital for treatment of injuries he suffered 5:02 p.m. Tuesday after pulling his car in front of another auto on Route 23.

Lawson suffered back and internal injuries and contusions and lacerations in the accident. Four other persons were hurt.

Pickaway County Sheriff's Deputies Lowell Ferguson and Bob Hoover say Lawson pulled his car from the RCA plant entrance and was attempting to cross both northbound lanes of Route 23 when his car was struck.

Driver of the other car involved, Henry Thomas Jr., 33, Waverly, was treated for multiple abrasions of both knees.

Sandra S. Thomas, 30, a passenger in his car, was treated for a small laceration on her forehead and a blood clot on her right leg. Scott Thomas, 9, was treated for lacerations and James Thomas, 7, complained of a cut lip.

Thomas' car skidded 92 feet before hitting Lawson's auto in the left side and 41 feet after impact.

Lawson's car spun around 39 feet before coming to rest headed west.

No citations were given at the scene, according to the accident report, but Lawson is expected to be charged with failing to yield the right of way.

service into town, schooling for the children and a project of straw-hat-making to raise some community funds.

On the road into Da Nang, by the old French fort at the top of the Pass of the Clouds, little girls in conical hats sell slices of watermelon and loaves of French bread to the homeless hordes.

The few personal possessions that the refugees carry on their backs or sling across the radiators show a bizarre and pathetic range of priorities: A large fishing net. An electric fan. Two sewing machines. A barber chair. A large wooden bed, almost hiding the Jeep beneath it. Two love birds in a cage. A favorite cooking pot. And lashed to the tops and the tailboards of almost every truck winding up through the pass, a tangle of motorbikes and bicycles.

Everywhere, children of all sizes, the big ones carrying the little ones, mothers breast feeding the infants on the back-boards of 2½-ton trucks.

Stolen Car Recovered

Pickaway County Deputy Sheriff Earl Kuhn recovered a stolen car Tuesday night that had been burned.

The car, belonging to James Gallione, Obetz, was stolen from Columbus.

Kuhn recovered the auto on the Circleville-Groveport Road, north of Perrill Road where the thieves apparently set it ablaze.

Taft Gives Support To Nixon Decision

COLUMBUS, Ohio (AP)—Sen. Robert Taft Jr., R-Ohio, said Tuesday President Nixon's decision to mine harbors of North Vietnam ports was calculated to bring about a negotiated settlement of the war.

He said the decision offers "the best chance for longer range peace in Southeast Asia and stable relations between the world powers."

REMEMBER WHEN — Karl Herrmann, 118 N. Washington St., recently came into possession of this old photograph of a Circleville High School orchestra. The photo was believed taken in 1906. Members included the late Ted Lewis (Theodore Friedman) seated in the first row, left.

Cornea Transplant Process Explained To Ashville Club

Randy Wurster spoke to Ashville Kiwanis Tuesday evening on "eye enucleation," a process of using parts of an eye removed after death to restore the vision of one living.

Wurster explained that if the eye of an individual is removed within four hours after death, the cornea of that eye may be used for a transplant to another individual.

Over 30,000 persons in the United States could benefit from a cornea transplant, he explained. In the past year over 17,000 individuals aged from 18 to 26 were killed in auto accidents. Each was a potential donor of their eyes to an individual who has cornea problems.

The eyes of an individual may be removed for transplanting, Wurster told Kiwanians, by a doctor or an individual who has been certified in the techniques. Wurster himself holds certification after taking schooling in Iowa City, Iowa, for funeral directors and embalmers. He presented slides showing some of the techniques used to remove the eye and keep it sterile.

Wurster invited all persons who might be interested in becoming cornea donors to secure donor cards from University Hospital, Columbus. According to Wurster, the patient who receives the transplant pays only for the hospital costs. The services of removing the eye and performing the transplant are donated by the trained technician and doctor.

Following the program, a presentation was made by Gene Tosca to Larry Toole for one year's perfect attendance.

Announcement was made that Ladies Night for all Ashville Kiwanians and their wives has been set for May 23. The program for the evening will be presented by the Fairfield Kiwanis Club of Lancaster who, with their wives, will be interclubbing with the Ashville group.

K Of P Poster Contest May 23

The Knights of Pythias Grand Lodge Poster Contest for Ohio has scheduled judging of the event 8 p.m. May 23 at the Pickaway County Fairgrounds 4-H and Grange Building.

Milo (Mack) Wise is in charge of the state-wide event.

The poster contest is open to any high school student in the state. Posters must reflect accident causes or preventions. State winner will advance to national finals, sponsored by the KP Supreme Lodge.

In addition to the judging, the local Knights of Pythias Lodge will present a film of the Knights of Pythias Home during the evening.

Judging and the film are open to the public.

Laurelville Spring Concert Scheduled

Laurelville's Spring Vocal Concert will be 8 p.m. Thursday in the high school gym and feature performances by the Girls' Chorus, Triple Trio and Junior High Chorus.

The all-girl chorus will sing "My Shepherd Will Supply My Need," "Blessed Is The Man," "Oh Happy Day," "Consider Yourself," and a topical number, "Pollution."

For the Triple Trio, the program shows the lively "Step To The Rear," and "Everything's Alright." They will also sing the rock opera theme "Superstar" and "Close To You."

Junior High Chorus will include in their performance the numbers "When the Saints Go Marching In," "Inch Worm," and "Havah Nahgulah." The junior chorus is under the direction of Elizabeth Aspenwell.

Laurelville band boosters will serve refreshments following the concert.

Laurelville Singers Will Attend Session

Seven High School chorus members from Laurelville will attend a workshop for vocal music training this summer at Indiana State University.

The girls are Debbie Blum, Cheryl Moore, Pam Kempton, Twila Thompson, Sharon Thomas, Becky Huber and Karen Schaal.

Taft Gives Support To Nixon Decision

COLUMBUS, Ohio (AP)—Sen. Robert Taft Jr., R-Ohio, said Tuesday President Nixon's decision to mine harbors of North Vietnam ports was calculated to bring about a negotiated settlement of the war.

He said the decision offers "the best chance for longer range peace in Southeast Asia and stable relations between the world powers."

Stewart Lilly, Mary Naumann, Carl Helwagen, Frances Fissel, Bertha Allen, Mack Parr, and Friedman, Ada Boyle, Edward Polson, Marguerite Courtright, Edgar Friedman, Blanche Item, Evan Reio

REMEMBER WHEN — Karl Herrmann, 118 N. Washington St., recently came into possession of this old photograph of a Circleville High School orchestra. The photo was believed taken in late 1906. Members included the late Ted Lewis (Theodore Friedman) seated in the first row, left.

Cornea Transplant Process Explained To Ashville Club

Randy Wurster spoke to Ashville Kiwanis Tuesday evening on "eye enucleation," a process of using parts of an eye removed after death to restore the vision of one living.

Wurster explained that if the eye of an individual is removed within four hours after death, the cornea of that eye may be used for a transplant to another individual.

Over 30,000 persons in the United States could benefit from a cornea transplant, he explained. In the past year over 17,000 individuals aged from 18 to 26 were killed in auto accidents. Each was a potential donor of their eyes to an individual who has cornea problems.

Wurster invited all persons who might be interested in becoming cornea donors to secure donor cards from University Hospital, Columbus.

According to Wurster, the patient who receives the transplant pays only for the hospital costs. The services of removing the eye and performing the transplant are donated by the trained technician and doctor.

Following the program, a presentation was made by Gene Tosca to Larry Toole for one year's perfect attendance.

Announcement was made that Ladies Night for all Ashville Kiwanians and their wives has been set for May 23. The program for the evening will be presented by the Fairfield Kiwanis Club of Lancaster who, with their wives, will be interclubbing with the Ashville group.

They were headed east on Main St. and struck a car at the junction of Main St. and the second alley west of Mingo St., which was attempting to enter Main St.

Driver of the car was Gordon E. Swackhammer, 57, 458 E. Franklin St.

Both drivers say their views were obstructed by a delivery truck that was double-parked in front of a carry-out store on Main St.

Mainly About People

Dessel Fyffe, 405 Ruth Ave., is a patient in Cleveland Clinic Hospital, Cleveland.

Mrs. Gloria Gabriel, Route 1, is a patient in Mt. Carmel Hospital, Columbus, room 344.

dividual who has cornea

problems.

The eyes of an individual may be removed for transplanting, Wurster told Kiwanians, by a doctor or an individual who has been certified in the techniques.

Wurster himself holds certification after taking schooling in Iowa City, Iowa, for funeral directors and embalmers. He presented slides showing some of the techniques used to remove the eye and keep it sterile.

Wurster invited all persons who might be interested in becoming cornea donors to secure donor cards from University Hospital, Columbus.

According to Wurster, the patient who receives the transplant pays only for the hospital costs. The services of removing the eye and performing the transplant are donated by the trained technician and doctor.

Truck Blocks View; Two Hurt In Crash

Two New Holland women suffered minor injuries in a two-car wreck on E. Main St. 10:02 a.m. Tuesday according to the city police report.

Betty J. Free, 52, New Holland, driver of one of the cars involved and Cora Williams, 59, New Holland, her passenger, were treated and released at Berger Hospital emergency room.

They were headed east on Main St. and struck a car at the junction of Main St. and the second alley west of Mingo St., which was attempting to enter Main St.

Driver of the car was Gordon E. Swackhammer, 57, 458 E. Franklin St.

GOSPEL SINGERS — The Golden Hopes of Washington C. H. will be the featured group at the gospel sing scheduled 8 p.m. Saturday at the 4-H and Grange Building, Pickaway County Fairgrounds. Also scheduled on the program is the Psalms Quartet of Lexington.

CHS Plays Hebron Lakewood Today

Circleville will play at Hebron Lakewood (6-7) today in the Central District Class AA sectional tournament.

A win for the Tigers will send them against the winner of the Bexley (4-3) Licking Valley (3-4) tomorrow on the victor's field.

The Tigers were scheduled to host Miami Trace today in South Central Ohio League action but tournament games take preference.

Hebron is located at the intersection of Routes 40 and 79, eight miles south of Newark.

Arrests

James P. Mogan, 21, 440 Sunnyview Drive, driving while license was under suspension.

Steven W. Slater, 18, Liberty Center, Ind., permitting an unlicensed driver to operate his car.

Construction Worker Killed In Accident

CLEVELAND, Ohio (AP) — William Collins, 31, of Vermilion, was killed Tuesday when a four-ton steel bridge beam fell on him in suburban Independence.

A THOUGHT FOR TODAY

McGovern . . .

(Continued from Page 1) North Carolina, Michigan and Maryland.

In West Virginia, the preference vote was never in doubt as Humphrey jumped into an early lead, both in Charleston and rural areas, and held it as the slow count of mostly paper ballots mounted. Wallace came close only in a handful of small rural counties.

There was no Republican preference vote in West Virginia.

In Nebraska, President Nixon swept to an easy victory, polling 93 per cent of the vote, compared with 5 per cent for Rep. Paul N. McCloskey Jr. of California and 2 per cent for Rep. John M. Ashbrook of Ohio.

Relocating 'Back Home'

"Bringing back the small town" every now and then emerges as a suggested solution to the ever-growing concentrations of population in large metropolitan centers.

The Commission on Population and the American Future has almost made a crusade out of its desire to reverse population flows.

Yet, statistically at least, the small town is not dead. Population figures from the 1960 census revealed that 6,300,000 Americans lived in towns with populations between 2,500 and 5,000. In 1970, 6,500,000 people were living in towns of that size.

So the small town is not dead, but the people living in them have lost

some ground in proportion to the total national population of the two censuses. Again using averages — there are wide disparities in the fate of small towns — it is not enough that they are standing still.

If the millions who moved to the cities are to be lured back, the opportunities "back home" must be improved. This may require incentives in the form of tax relief or subsidies to relocate industries and the many individuals who would prefer, if they had the option, to live where it is less congested.

Model programs on a small scale to test the effectiveness of such incentives would be a wise prelude to any general government program in that direction.

Horoscope Forecast

By Carroll Righter

THURSDAY'S HOROSCOPE

GENERAL TENDENCIES: The morning finds you able, with care and thought, to put in motion some new arrangement that does have elements of risk or danger connected with it. However, the evening becomes very good for down-to-earth and practical matters that require a new and more expansive approach.

ARIES (Mar. 21 to Apr. 19) Morning is the best time to handle any personal affairs that are important, since you have to spend the p.m. seeing that important higher-up. Get busy with practical matters in the afternoon. Pay bills.

TAURUS (Apr. 20 to May 20) If you plan early what you will do all day and p.m., you get excellent results and fine benefits. Put that new plan to work where entertainment is concerned. Originality is the keynote.

GEMINI (May 21 to June 21) Morning is ideal for talking over new and old ideas with good friends and getting right slant on them. Know just how to get information you want. The afternoon is fine for working on new project.

MOON CHILDREN (June 22 to July 21) Handle that new project carefully during the day. Later you can join with good friends for social activities. Bigwigs now appreciate your finest talents. They go out of their way to help you advance.

LEO (July 22 to Aug. 21) Unobtrusively go after that good pal who has influence and gain the backing you want for some personal desire that is yours. Consult with an adviser and get the ideas and information you need, also. Forget pretensions.

VIRGO (Aug. 22 to Sept. 22) Get that obligation behind you as fast as you can so you free time for a new project or plan of real importance to you. Show you are broad-minded and get right results with it. Avoid gossip.

LIBRA (Sept. 23 to Oct. 22) Cement better relations with a partner in a.m., so you can carry through together efficiently with jobs ahead. Find the right way to get more affection from mate. Show you are thoughtful.

SCORPIO (Oct. 23 to Nov. 21) Morning is excellent for catching up on work ahead of you, but evening is fine for making better plans with associates. Buy that new suit or dress you like and need. Show you are style conscious.

SAGITTARIUS (Nov. 22 to Dec. 21) You want an end to worry and some entertainment, but await the evening for the latter. Get some talent working to your benefit in the afternoon. Lift your spirits before you step out tonight.

CAPRICORN (Dec. 22 to Jan. 20) Don't take any chances where some family matter is important, or you will regret it later. Do some entertaining at home in p.m. You can investigate the new outlet during the day and start on the road to success.

AQUARIUS (Jan. 21 to Feb. 19) You have excellent plans for becoming more efficient and therefore more successful. Make appointments for calling your finest talents to the attention of the right people. Gain the support you want.

PISCES (Feb. 20 to Mar. 20) Show you understand finances very well and do whatever will and to your present income now. Some expert in business gives good ideas, advice. Listen carefully and make notes so you one of those interesting young thereof.

IF YOUR CHILD IS BORN TODAY ... he or she will be one of those interesting young people who is full of impatience

and it is important for you to teach early to complete whatever has been started so the work habit is formed while young. There is much ability in this chart, but it requires guidance and organization to bring it to the fore. Corporal punishment should be avoided at all cost, or you ruin the fine potential here. Kindness does the trick here admirably.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Speaking of YOUR HEALTH...

by LESTER L. COLEMAN, M.D.

I am a school teacher and am almost ashamed to write to you. When school is over, I am to have my gall bladder removed.

I have no fear about the operation, but am petrified that I will wake up during the anesthesia.

Mrs. V. J., Conn.
There is no reason to be ashamed of this rather usual fear. People of all cultural, intellectual, social and economic levels have fears of various kinds.

Fear of anesthesia is a frequent one, and sometimes is traced to a bad childhood experience in a hospital.

Many years ago, children admitted for tonsillectomy, for hernia, or eye surgery, were overpowered and asphyxiated by a foul-smelling suffocating gas. They struggled as they were leaving consciousness to unconsciousness.

The psychological impact of this experience is not easily forgotten. It is often remembered deep into adult life. This may have happened to you, and may account for your anxiety about anesthesia.

Today, the science of anesthesia has progressed to the point where such physical and psychological insult do not take place. The anesthesiologist is now armed with a great many new and safe drugs which make it unnecessary to use the suffocating mask.

Passing gently from one depth of anesthesia to another is accomplished without having to cover the mouth and nose with the mask, until the patient is deeply asleep and unaware of its presence.

Anesthesia is now under the complete control of the highly trained specialist. Only when the operation is complete and the surgeon is ready to leave the operating room does the anesthesiologist lighten the drug he is using and allow the patient to slowly return to consciousness.

The safety of modern anesthesia is remarkable. There is no need for "shame" in discussing this or any other aspect of surgery with the doctors who attend you.

Almost invariably, today's anesthesiologist comes to the patient's room before the operation, in an effort to eradicate any confusion the patient may have.

Dr. Arthur Biezunski, anesthesiologist at the Mt. Sinai Medical Center in New York, said with great wisdom, "My preliminary visit with my patients allays their fears, makes the beginning of anesthesia less difficult, and I believe even contributes to the total recovery of the patient."

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Going to sleep has become more of a problem with bosses. A study of 2,000 executives five years ago by the Life Extension Institute found that 90 per cent slept soundly. But in a recent study only 60.3 reported they had no sleep problem although only 3.2 per cent said they resorted to sedatives. Those having the most trouble getting to sleep were over 56 years old and made less than \$15,000 a year.

The average American is pretty healthy. He spends only six days a year in bed because of illness or accidents and has to restrict his activity on nine more days from these causes. That is only 15 days out of 365 on which he doesn't feel up to par.

If you have a phobic fear of earthquakes, the place for you to hie to is North Dakota. No earthquake has ever been recorded in that state.

You're wrong if you think that all doctors die rich. A recent study found that one out of three physicians at death leaves his widow facing a major financial problem.

Risky: Drivers under 25 are still disproportionately more dangerous than their elders behind the wheel. Although they make up less than 22 per cent of the driving population, they made up more than 36 per cent

of 1.3 million motorists who were involved in recent accidents.

Muddy mourning: When an Asmat tribesman in New Guinea dies, his anguished widow immediately throws herself on the ground and rolls in the mud. This is not only to show proper depth of grief. The mud also masks her body scent to baffle his ghost so that it can't come back and haunt her.

It was Benjamin Disraeli who gave this recipe for a good life: "Feel slightly, think little never plan. Take the world as you find it: enjoy everything."

LINKS MOON — Dr. Arnold Leiber, a psychiatric researcher, at the University of Miami, Fla., says he has

developed evidence that Dade County's murder rate is influenced by phases of the moon.

Morton Says Nation Faces Fuel Crisis

CLEVELAND, Ohio (AP) — U.S. Interior Secretary Rogers C. B. Morton says Americans no longer can take for granted a plentiful supply of energy.

Speaking at a session of the American Mining Congress Monday, Morton said that because of the increasingly short supply of other fuels such as petroleum and natural gas, coal is regaining its importance as a source of energy.

He said domestic oil reserves have declined substantially and overseas supplies no longer are considered totally secure.

"We are using natural gas faster than we are finding it," he said, "while nuclear power development has been slowed by environmental and siting difficulties."

"Yet, since 1966, energy demand has increased faster than the rate of increase in the gross national product."

Today, Morton said, each American uses twice as much power as he did ten years ago. By the end of this decade, he said, energy consumption will increase another 50 per cent.

Morton noted that the nation's coal reserves are sufficient to last for centuries. However, he said that 60 per cent of the coal being used today will not meet proposed minimum air pollution requirements.

Joe Gallo Estate Less Than \$10,000

NEW YORK (AP) — Joseph "Crazy Joe" Gallo, reputed underworld boss shot to death April 7, has left an estate of less than \$10,000, according to papers filed in Manhattan Surrogate's Court.

Gallo, 43, died without leaving a will and on Monday Surrogate Millard L. Midonick granted Gallo's widow Sina the right to administer the estate, which will be shared by his daughter from a previous marriage.

Miss E.R., La.

Yes, and these fractures are known as "spontaneous" fractures. They occur without injury.

There are a number of bone conditions such as osteomalacia and osteoporosis in which there is a loss of calcium.

Bones become brittle and soft, and may be responsible for the spontaneous fracture.

Good nutrition and various hormone preparations are now used to prevent these conditions that are usually found by X-ray examination.

Kissinger Says U.S. Aware Of Difficulties For Soviets

WASHINGTON (AP) — Dr. Henry A. Kissinger said Thursday resident Nixon realizes his latest Vietnam moves "will create short-term difficulties for Soviet leaders" but fully hopes to proceed with Moscow summit talks May 22.

Kissinger, the President's assistant for national security affairs, said the United States has received no indication from Moscow as to whether the Soviets will want to proceed with the summit. He said "it will probably be a day or so" before formal reaction is received.

While saying Nixon's attempt to block receipt of Soviet war supplies to North Vietnamese ports presents Moscow with difficulties, Kissinger said the Soviets had "permitted a situation that posed massive difficulties for us."

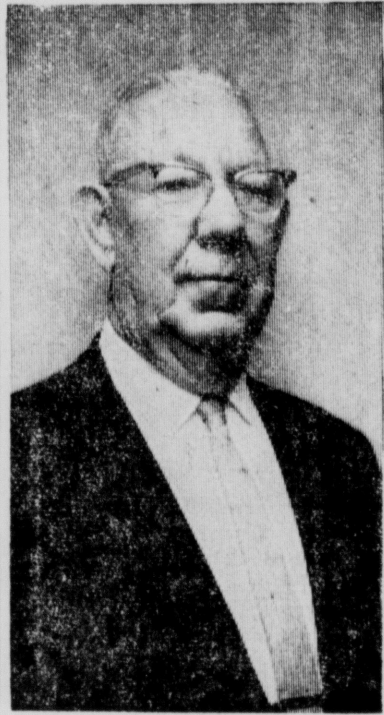

The presidential aide, who repeatedly restated an American willingness to resume public or private peace talks, told a news conference the Nixon administration "perhaps underestimated the massive influx of offensive weapons, particularly from the Soviet Union," into North Vietnam.

Kissinger argued that the Soviet arms shipments tipped the military balance in Indochina in favor of Hanoi's forces.

Responding to questions, Kissinger said the Nixon moves involve "some risk." He added: "The judgment was that it did not involve an unacceptable risk."

But he conceded that only events will prove whether the presidential strategy will work.

Kissinger said he would not expect the moves against Hanoi's shipping lanes to affect the battle in the South during the next three weeks. However, he said there should be a battlefield impact beyond that point.

REVIVAL — The Rev. A. E. Pusey, Jefferson Addition, will be the guest evangelist at a Revival scheduled May 15-21 at the Emanuel United Methodist Church, 1015 Georgia Road. Pastor of the church is The Rev. Liston Halley Jr. The Rev. Pusey helped establish the First Nazarene Church in Circleville. The Sound of Action Trip will sing. Services begin 7:30 p.m. each evening.

Wilmington To Host Presbytery

The Wilmington Presbyterian Church will be host to the May 16 meeting of Scioto Presbytery, with the meeting starting at 6:45 p.m. following a 5:30 p.m. dinner.

Representatives of 55 Presbyterian churches in 15 Southeastern Ohio counties are eligible to attend, including a minister and ruling elder from each church. Rev. John W. Morris is pastor of the host Wilmington Presbyterian Church.

James Sherman Porter, Gallipolis, moderator of Scioto Presbytery said the agenda for the May 16 meeting will include worship by the Rev. David Alan Webb of Jackson; the General Council's report of its May 4 and May 8 meetings featuring discussion of and possible action related to the new Synod of the Covenant (Kentucky, Michigan and Ohio); and 1973 plans for what is now Scioto Presbytery.

Also included on the agenda will be shorter reports of Ministerial relations, education, interpretation, national missions and strategy; trustees, area planning conference, and the report from Presbytery Treasurer Janet S. McFerrin of Waverly.

Presbyterian churches will be represented from the following counties: Adams, Athens, Brown, Clinton, Gallia, Highland, Hocking, Jackson, Lawrence, Meigs, Pickaway, Pike, Ross, Scioto and Vinton.

Rev. Evan D. Fisher Portsmouth, is Stated Clerk of Presbytery of Scioto.

Civil Service Test Ends In Lawsuit

NEW YORK (AP) — Two women who failed the Civil Service test of lifting a 25-pound barrel over the head with one hand filed suit in state Supreme Court Monday contending that the requirement is silly and discriminatory against the female sex.

Marilyn Sontag, 35, and Sophie Stepinoff, 58, took the test to gain permanent status in their jobs as audio-visual technicians at Hunter College.

They passed the written exam and other physical tests; 41 other candidates, all men, succeeded in the lift.

Grand Ole Opry Manager Loves His Job

By MARIAN SMITH
Associated Press Writer
NASHVILLE, Tenn. (AP) — When he was a boy in Akron, Ohio, listening every Saturday night to the Grand Ole Opry, Bud Wendell never dreamed he would one day find himself managing the show at the

shrine of country music. But that's what he does.

"There's no place that you can go in to train to be the manager of the Grand Ole Opry," he said, "and you don't get in line, you can't go to school. I don't know what you would do, really, if you set out to decide: 'I want to be manager of the Grand Ole Opry.'"

"I don't know how you would prepare yourself," he said, "because I look at it as a job mainly dealing with very, very talented people. Now, how you train yourself to deal with these highly sensitive people — in many ways, it's like being manager of a major league baseball team, except instead of 15 or 20 people on the roster, we've got 60. And we don't have just a summer season, we go 52 weeks a year." Wendell said 400,000 people attend the Grand Ole Opry each year. He has a large staff that handles mail and tickets. He also has a tour business in town with 50 employees.

"So the job covers a large umbrella, and I don't know just how you would prepare yourself for it." Shaking his head and laughing, "Certainly, the last thing I ever expected to do, I guess, was to manage the Grand Ole Opry."

"I guess I really am just lucky, because I love it." His remarks came in an interview in his backstage office at the Opry one Saturday night. The conversation was punctuated by telephone calls and singers and pickers who kept stopping by to say hello.

"I'm sure I'm one of the world's greatest country music fans," he said. "I've enjoyed country music since I was a small youngster. I can remember listening to the Opry when I was just a kid, in grade school."

"My dad sold insurance for the National Life and Accident Insurance Company, which owns the Grand Ole Opry," he related.

"I can remember in the early years in the Opry, when... on Saturday night, Mr. Craig, who was one of the founders of the insurance company, came on the radio with a Christmas message," Wendell said. "I can remember listening to that — and that's gotta be in the thirties, when the Opry couldn't have been more than six or seven years old."

"It was because he was associated with the insurance company and WSM that I knew of the Opry," he said.

The first time Bud Wendell came to the Opry was in about 1950. "Some of the people I saw then are still here today," he said, almost astonished, "and I was sitting out in the audience then. I guess I came a half dozen times between '50 and '55 down from Ohio to see the Opry."

E. W. Wendell, who is known universally in country music circles as "Bud," is a short, dark-haired man with a smile that starts in his eyes. He stands backstage during Opry performances, talking with the singers, clapping guitar players on the back, and just watching.

He is an authority on the Opry's week-to-week activities, as well as the business aspects of staging the world's oldest continuous radio program.

Bud Wendell became manager of the Opry in 1968, and he plans to stick around awhile.

Asked what advice he would give to an aspiring future Opry

manager, he replied, "Well, tend to leave it for a good many years. So I'm not looking for a replacement."

Open House Will Celebrate 50th Wedding Anniversary

MR. AND MRS. A. M. MOOREHEAD

Mr. and Mrs. A. M. Moorehead, Route 1, Paulding, will be honored by their children and grandchildren on the occasion of their 50th Wedding Anniversary, Sunday, May 14th, with an open house at the Paulding National Bank community room, from 2 to 5 p.m.

Mr. Moorehead, a native of Paulding, and the Rev. Minnie Ethel Morris from Indianapolis, Ind., were married May 15th, 1922 at the West Side Church of the Nazarene, Indianapolis, Ind., by the Rev. E. O. Chalfant.

Rev. Mrs. Moorehead began her ministry in the Church of

the Nazarene as an evangelist, travelling in 28 states during a period of 10 years. Mr. Moorehead was a commissioned song evangelist.

They continued in evangelistic work for six months, most of this time in South Dakota.

They served as pastors for 42 years in a number of Nazarene churches on the Ohio District.

Retiring from the ministry, they moved to Paulding where they have continued to make their home.

Their children are: James E. of Circleville, and Paul M. of Worthington. They have six grandchildren.

Circleville Garden Club Has Program On SCOPS

Mrs. Joseph Van Meter of Piketon was guest speaker for the Friday evening meeting of Circleville Garden Club at the home of Miss Elizabeth Tolbert, 524 Mower Road. Miss Mary Ruth Tolbert was assisting hostess and Dr. W. L. Sprouse was a guest for the evening.

During the business meeting presided over by Miss Tolbert, president, members donated \$100, a patron's membership, to the Scioto Society Inc.

Mrs. Charles Neff, Miss Elizabeth Tolbert, Miss Thelma O'Hara and Mrs. Donald H. Watt reviewed the recent regional all day meeting in Grove City.

Dates to remember were announced as: Nature Study Camp at Camp Kirkmont, June 12-16th and Ohio Assn. of Garden Clubs State Convention at Dennison University,

Granville, Aug. 8-10th.

Mrs. Watt reviewed the schedule for the Council of Pickaway County Garden Clubs show on May 25th at Good Shepherd United Methodist Church in the Service Center. She urged members to provide specimen containers. She scheduled a workshop for 1 p.m. May 24th at her home, 540 N. Court St. Members are to bring containers and material they wish to use.

Mrs. Van Meter spoke of the South Central Ohio Preservation Society (SCOPS). The first group meeting concerning the Scioto Society was held in her home in 1966. Since that time the interest has steadily grown.

SCOPS is a non-profit organization with a membership of over 2000 in 16 counties. The area is one of the oldest communities west of the Alleghenies and is notable for the number of buildings which have survived. A garden club can do many things to promote this organization.

Some suggestions are: make individuals aware of their heritage, beautify and preserve the area, research early land records, finance important projects, be watchdogs toward these interests and pull together.

Several joined SCOPS as active members and the club joined as an organization.

The club is interested in preserving a Pickaway County bog which has many varieties of wild plants and unusual moss. The owner has started to drain the site. Miss Dhele Renick is chairman of the committee for this project.

During the social hour a dessert course was served by the hostesses.

The June meeting will be a picnic supper at Hargus Lake.

Historical Society Sets Guest Speaker

David J. Davis, assistant curator of history at the Ohio Historical Center in Columbus will be guest speaker at the May 18th meeting of Pickaway County Historical Society. The session will begin 8 p.m. at the Clarke-May Museum. Mr. Davis will use as his topic "The Importance Of Living History."

Mr. Davis is a graduate of Capital University and has been with the Ohio Historical Society since 1969. He has been involved in the restoration of Buckeye Furnace in Jackson County and in the Schoenbrunn Village interpretation programs of both recently appointed as assistant curator in charge of historic interpretation programs of both Zoar and Schoenbrunn.

Annual Reports Program For DAR

Annual reports will be given during the 2 p.m. Tuesday meeting of Pickaway Plains Chapter Daughters of the American Revolution in the meeting room of Pickaway County Historical Society.

Mt. Pleasant WSCS Aids Settlement

Women's Society of Christian Service of Mt. Pleasant United Methodist Church met recently in the home of Mrs. Ed Linville with Mrs. Paul Counts and Mrs. Marion Mowery as assisting hostesses.

Mrs. Boyd Moody opened the meeting with prayer and Mrs. Oscar Atwood used "Mother" as her theme for devotions taken from Scripture.

The poems, "Two Temples" and "My Trundle Bed" were read by Janice Atwood. Mrs. Oscar Atwood read the poem "Patter Of A Shingle."

Mrs. Moody read correspondence concerning an annual District Meeting at Grace United Methodist Church in Washington C.H. on Sept. 15th. The Annual Conference Meeting will be Sept. 27th and United National Seminar Oct. 2-7th. Also read was a note of thanks to William Hoffman who sent a donation to the society.

Mrs. Moody said the annual Church Conference will be held June 11-16 at Lakeside.

It was agreed to send \$25 to the Southside Settlement for its Triple S. Camp. Mrs. Moody distributed calendars for Red Bird Mission and a program of slides of the mission closed the meeting.

CATHY KAREN DAVIS

Wedding Plans Are Revealed

Mr. and Mrs. Harry F. Davis, Route 4, Circleville, announce the engagement and approaching marriage of their daughter, Cathy Karen, to Mr. Harry Nicholas Hastings. Mr. Hastings is the son of Mrs. Maria Hastings and Mr. William Hastings of Williamsport.

Miss Davis is a 1970 graduate of Circleville High School and is employed by Circle Plastics Inc.

Mr. Hastings graduated in 1969 from Westfall High School and is also employed by Circle Plastics Inc.

The open church wedding will take place 7:30 p. m. Friday, May 12th at Calvary United Methodist Church.

Calendar

TUESDAY

Berger Hospital Guild 27, 7 p.m. at Tink's.
Pickaway Plains Chapter Daughters of the American Revolution 2 p.m. in meeting room of historical society.

Sewing Club Sets Monday Meeting

Mrs. Charles Beckman will host Variety Sewing Club in her home near Commercial Point 8 p.m. Monday.

7th Birthday Is Celebrated

Kimberlie Williams and 17 classmates enjoyed a party at Saltcreek School on May 4th in honor of Kimberlie's seventh birthday.

Present were: Kim Williams, Brian Seimer, Kim Clarke, Douglas Thatcher, Tammy Moss, Walter Zwayner, Karen Brown, Jon Hawks, Sharon Myers, Jackie Pine, Valerie Fausnaugh, Jimmy Woodgeard, Kathy Hupp, Jim Fletcher, Bertha Giffin, Mike McCabe, Susan Moreno, Mrs. Ruth Notestone and her sister, Teresa Williams.

Refreshments were served and games played. Prizes were won by Susan Morno, Sharon and James Myers.

A contest was held to determine who could make the prettiest birthday card. Kimberlie judged the entries and chose for winners: Jon Hawks, first place; Douglas Thatcher, second place; Valerie Fausnaugh, third place and Karen Brown, fourth place. Each child received horns and balloons as favors.

In the evening Kim celebrated her birthday with her grandparents, Mr. and Mrs. Archie Williams and Mrs. Ernest Minor; her uncle, Rick Williams; friends, Mrs. Fannie Ward, Mrs. Elizabeth Ebenhack and Miss Mary Howard; her sister, Teresa; and her parents, Mr. and Mrs. Lowell Williams.

Letter Carriers

Auxiliary Sets Meet

Circleville Ladies Auxiliary of the National Assn. of Letter Carriers will hold its monthly meeting 8 p.m. Thursday in the home of Mrs. John Pontious of Stoutsville.

All members are encouraged to attend as plans will be made for a family picnic in June.

Laurelville Girl Scouts Attend Weekend Camp

Laurelville Junior Troop 625 attended the Logan Trails Girl Scout Camporee, at Molly Lauman Camp near Portsmouth Friday through Sunday.

The troop won a scavenger hunt on Saturday morning. They presented a performance of Swan Lake Ballet Saturday night at the Breckner Dining Hall.

Each troop presented a skit. Participating from Troop 625 were: Prince, Jackie Arnett; Princess, Melissa Barton; Villain, Cheryl Gabriel; Villain's daughter, Kim Thurston; Trees, Janet Newman and Cheryl Hartnaff; Lake, Kendra Redman; Sun, Cathy Crosby; Narrator, Michele Ebert.

Saturday afternoon the troop walked along a creek to do some work on observer badges. Many trees, flowers and water life were studied.

Sunday morning the girls conducted an outside church service. Those in charge of the service were Debbie Ackley,

Julie Beglin, Darcy Ebert, Cheryl Johnston, Tami McNichols, Patty Mueller, and Toni Redman.

The following badges were worked on over the weekend: Foot Traveller, Outdoor Cook, Observer and Backyard Fun.

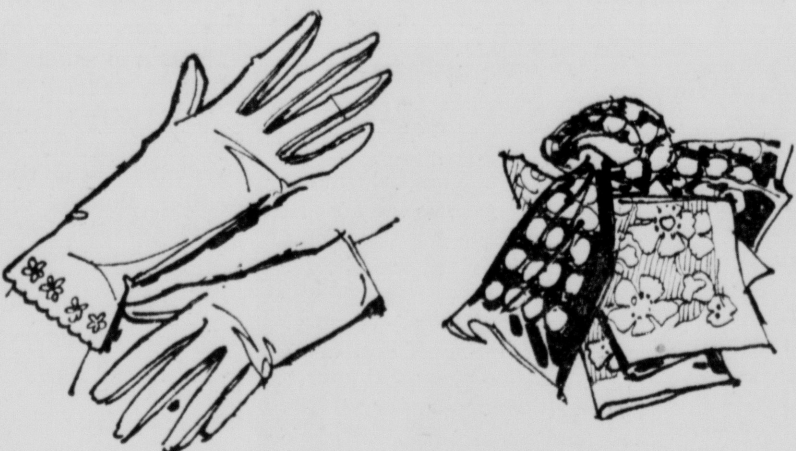

Members of the troop attending were: Debbie Ackley, Jackie Arnett, Melissa Barton, Julie Beglin, Cathy Crosby, Darcy Ebert, Michele Ebert, Cheryl Gabriel, Cheryl Hartnaff, Cheryl Johnston, Tami McNichols, Patty Mueller, Janet

Newman, Kendra Redman, Toni Redman and Kim Thurston.

Adults attending, Norma Gabriel, Bonny Ebert, assistant leader and Betty Ebert, leader. The troop is now making final plans for its Camp Davella trip in June.

Open House Will Celebrate 50th Wedding Anniversary

MR. AND MRS. A. M. MOOREHEAD

Mr. and Mrs. A. M. Moorehead, Route 1, Paulding, will be honored by their children and grandchildren on the occasion of their 50th Wedding Anniversary, Sunday, May 14th with an open house at the Paulding National Bank community room, from 2 to 5 p.m.

Mr. Moorehead, a native of Paulding, and the Rev. Minnie Ethel Morris from Indianapolis, Ind., were married May 15th, 1922 at the West Side Church of the Nazarene, Indianapolis, Ind., by the Rev. E. O. Chalfant.

Rev. Mrs. Moorehead began her ministry in the Church of

the Nazarene as an evangelist, traveling in 28 states during a period of 10 years. Mr. Moorehead was a commissioned song evangelist.

They continued in evangelistic work for six months, most of this time in South Dakota.

They served as pastors for 42 years in a number of Nazarene churches on the Ohio Districts.

Retiring from the ministry, they moved to Paulding where they have continued to make their home.

Their children are: James E. of Circleville, and Paul M. of Worthington. They have six grandchildren.

Circleville Garden Club Has Program On SCOPS

Mrs. Joseph Van Meter of Piketon was guest speaker for the Friday evening meeting of Circleville Garden Club at the home of Miss Elizabeth Tolbert, 524 Mowrer Road. Miss Mary Ruth Tolbert was assisting hostess and Dr. W. L. Sprouse was a guest for the evening.

During the business meeting presided over by Miss Tolbert, president, members donated \$100, a patron's membership, to the Scioto Society Inc.

Mrs. Charles Neff, Miss Elizabeth Tolbert, Miss Thelma O'Hara and Mrs. Donald H. Watt reviewed the recent regional all day meeting in Grove City.

Dates to remember were announced as: Nature Study Camp at Camp Kirkmont, June 12-16th and Ohio Assn. of Garden Clubs State Convention at Dennison University, Granville, Aug. 8-10th.

Mrs. Watt reviewed the schedule for the Council of Pickaway County Garden Clubs show on May 25th at Good Shepherd United Methodist Church in the Service Center. She urged members to provide specimen containers. She scheduled a workshop for 1 p.m. May 24th at her home, 540 N. Court St. Members are to bring containers and material they wish to use.

Views on Television

By CYNTHIA LOWERY
AP Television-Radio Writer

NEW YORK (AP) — The great American spectator sport of picking a pretty pageant winner had its seasonal debut Tuesday night. It was NBC's live broadcast of the finals in "America's Junior Miss" Pageant from Mobile, Ala.

As pageants go, this one is a neat package. It is contained within a brisk hour of broadcast time, including the commercials, and this seems plenty of minutes to cover the events. Some of the more leisurely paced shows might benefit from watching it.

The high school seniors, representing 50 states, were as usual pretty, healthy and engaging. Host Ed McMahon, a kindly grandfather figure, whipped the show along like a veteran wagonmaster. The contestants had their moments in a long musical introduction. A handful was involved in a dance number which demonstrated more than anything else that the Rockettes have no close competitors in precision kicking.

Those traditional rites out of the way, the elimination moved the contest quickly down to 10 girls. McMahon questioned each on some weighty subject—the responsibility of the news media, the meaning of obscenity, war, peace and the influence of religion on contemporary life.

Each candidate answered with vast sincerity if not always with absolute clarity.

The exciting finale came when the list was cut to five for the talent competition. It was something of a surprise. There were two very competent pianists and three interesting vocalists. Lydia Hodson of Kentucky, one of the singers, emerged as the winner.

It appears that the cavalry is on the way to attempt a rescue of Dick Cavett and his late night ABC series. Jack Paar, an old friend and former employer, will be Cavett's sole guest next Tuesday night. Alfred Hitchcock, who is as rare a sight to the midnight viewer these days as Paar, will drop around on June 8.

The network has given Cavett until the end of July to boost his show's flagging Nielsen ratings—those new CBS movies seem to be pulling a lot of his audience away. If Cavett fails, the show will close at the end of September.

If recent announcements of coming attractions are an indication, it appears the Cavett guests will be mainly show business personalities—John Lennon and Yoko Ono, Shirley MacLaine, Bill Cosby, Charlton Heston and others in the star bracket.

6 Ohio Convicts To Attend College During Summer

COLUMBUS, Ohio (AP) — Six Ohio convicts will attend college this summer in what officials hope will be the beginning of a new phase in the state's prison rehabilitation program.

George Denton, chief of the state's Adult Parole Authority, said if the initial effort is successful as many as 500 Ohio prison inmates could be furloughed this coming fiscal year. The program could eventually be expanded to include 500 to 600.

The initial six took college extension programs inside the penal institutions. They will attend universities during the summer term to finish their degrees.

Denton said planning is nearly complete with the University of Toledo and Bowling Green State University, and talks have begun with Wilmington College.

Prisoners may be furloughed to attend college, enter vocational apprentice programs or take jobs with government under legislation enacted by the General Assembly.

Under the Ohio Constitution, convicts may not be released to work on a product sold for profit.

Prisons released on furlough at first will live at strictly-supervised halfway houses. Some may eventually live in college dormitories.

Denton said the Parole Authority already has money to lease a community correctional center in Cincinnati, and three additional centers will be leased next fiscal year in Columbus, Cleveland and the Akron-Canton-Youngstown area to provide housing for furloughed inmates.

Inmates who make a success on the outside will be paroled, if eligible, or be considered for commutation of sentence, Denton said.

3 Charged With Murder
CLEVELAND, Ohio (AP) — Three men have been charged with first-degree murder in connection with the shooting death of Columbus furniture salesman Donald Levitin. Levitin, 26, a bachelor and Vietnam veteran, disappeared last Wednesday while en route from the Ideal Furniture Co. in Columbus to a Columbus bank where he was to deposit \$800. Cleveland police said Levitin was abducted to Cleveland where his burning body was found tied to a chair that same night in an abandoned building on the east side. He had been shot three times in the head and lighter fluid had been poured on him, then ignited. Police said the three men will be arraigned Wednesday in Cleveland Municipal Court on the charges. They were identified as Charles Cheeks, 21, of Sharon, Pa., Jimmy Harris, 21, of Cleveland and Melvin Little, also known as Melvin Hemock, of Columbus. Cheeks and Little were previously charged with the May 1 robbery of a Mansfield tavern. Police said an 18-year-old Mansfield woman was being held as a material witness. She was not identified.

OHIO CASH GRAIN

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Here is the Ohio weather summary from the National Weather Service:

Although skies will be sunny in Ohio today, temperatures will remain unseasonably cool. Highs today will be in the mid 50s to mid 60s. Lows tonight will dip to the 30s and 40s.

Fair skies and warmer temperatures will prevail Thursday. Highs will reach the 60s and 70s.

A cold high pressure area is expected to move across Ohio today and on to the East Coast Thursday. The system will keep cloudiness and rain to the west of the Buckeye state through Thursday.

Overnight temperatures dropped to the low 30s. Toledo reported the lowest reading at 31. Light frost was common around the state.

FORECASTS
OHIO — Sunny and continued cool today. Highs in the mid 50s in the north and in the 60s in southern Ohio. Clear and cool tonight with lows in the upper 30s and low 40s. Fair and warmer Thursday. Highs in the 60s and low 70s.

NORTH EAST INLAND, WEST CENTRAL, CENTRAL, EAST CENTRAL, NORTH WEST INLAND — Sunny and continued cool today. Highs in the mid to upper 50s. Clear and cool tonight with lows near 40. Fair and warmer Thursday. Highs in the 60s.

SOUTHWEST, SOUTHEAST — Sunny and warmer today. Highs in the 60s. Clear and cool tonight. Lows in the low 40s. Thursday fair and warmer. Highs in the low 70s.

Lyndon Johnson Sets Visit To Hospital

SAN ANTONIO, Tex. (AP) — A spokesman for the Brooke Army Medical Center says former President Lyndon B. Johnson plans to enter the hospital briefly within the next few days.

Johnson's physician said Monday the visit will be for a followup examination related to his recent heart attack. The doctor stressed that the examination is routine.

Sinatra Libel Suit Dropped, Settled
LOS ANGELES (AP) — Frank Sinatra says he has dropped a \$5 million libel suit against a weekly tabloid that published stories saying Sinatra had cancer, and that he was married and an expectant father.

Sinatra said Monday he dropped his suit after the weekly, Midnight, published a retraction, paid the entertainer "minimal damages" and contributed an undisclosed sum to the Martin Anthony Sinatra Medical Foundation in Palm Springs, named for Sinatra's father.

U.S. Sows Sophisticated Mines

By ROBERT A. DOBKIN
AP Military Writer

WASHINGTON (AP) — The hundreds and possibly thousands of underwater mines dropped by U.S. Navy planes to seal North Vietnam's ports are highly sophisticated devices unlike the old iron contact mines familiar to World War II sailors.

The new mines can be triggered by a variety of means

Want Findlay Chief Fired

FINDLAY, Ohio (AP) — Twenty policemen on Findlay's 43-man force threatened Tuesday night to quit unless Police Chief Morris Frankhouser and his chief aide are relieved.

They allege unfair and unequal treatment of officers on the force.

An unidentified spokesman for the 20 policemen say all have signed a letter of complaint which was to be handed today (Wednesday) to Mayor John Sussner.

The letter says pleas for "sensible work assignments, fair treatment of personnel, adequate equipment" have brought no results.

The dissident policemen set no deadline for their announced plans to quit.

Urge Legalized Prostitution

For Daytonians

DAYTON, Ohio (AP) — Candidates for public office have been asked by the City Commission to take a stand on a proposal to legalize prostitution here.

The proposal was put to candidates in a resolution adopted by the commission to include an item on legalizing prostitution in its proposed legislative program.

Under the proposal, prostitutes would be licensed and required to undergo periodic medical checkups to maintain their legal status.

City Commissioner Paul Roderer said he favors such legislation.

Views on Television

By CYNTHIA LOWERY
AP Television-Radio Writer

NEW YORK (AP) — The great American spectator sport of picking a pretty pageant winner had its seasonal debut Tuesday night. It was NBC's live broadcast of the finals in "America's Junior Miss" Pageant from Mobile, Ala.

As pageants go, this one is a neat package. It is contained within a brisk hour of broadcast time, including the commercials, and this seems plenty of minutes to cover the events. Some of the more leisurely paced shows might benefit from watching it.

The high school seniors, representing 50 states, were as usual pretty, healthy and engaging. Host Ed McMahon, a kindly grandfather figure, whipped the show along like a veteran wagonmaster. The contestants had their moments in a longish musical introduction. A handful was involved in a dance number which demonstrated more than anything else that the Rockettes have no close competitors in precision kicking.

Those traditional rites out of the way, the elimination moved the contest quickly down to 10 girls. McMahon questioned each on some weighty subject—the responsibility of the news media, the meaning of obscenity, war, peace and the influence of religion on contemporary life. Each candidate answered with vast sincerity if not always with absolute clarity.

The exciting finale came when the list was cut to five for the talent competition. It was something of a surprise. There were two very competent pianists and three interesting vocalists. Lydia Hodson of Kentucky, one of the singers, emerged as the winner.

It appears that the cavalry is on the way to attempt a rescue of Dick Cavett and his late night ABC series. Jack Paar, an old friend and former employer, will be Cavett's sole guest next Tuesday night. Alfred Hitchcock, who is as rare a sight to the midnight viewer these days as Paar, will drop around on June 8.

The network has given Cavett until the end of July to boost his show's flagging Nielsen ratings—those new CBS movies seem to be pulling a lot of his audience away. If Cavett fails, the show will close at the end of September.

If recent announcements of coming attractions are an indication, it appears the Cavett guests will be mainly show business personalities—John Lennon and Yoko Ono, Shirley MacLaine, Bill Cosby, Charlton Heston and others in the star bracket.

6 Ohio Convicts To Attend College During Summer

COLUMBUS, Ohio (AP) — Six Ohio convicts will attend college this summer in what officials hope will be the beginning of a new phase in the state's prison rehabilitation program.

George Denton, chief of the state's Adult Parole Authority, said if the initial effort is successful as many as 300 Ohio prison inmates could be furloughed this coming fiscal year. The program could eventually be expanded to include 500 to 600.

The initial six took college extension programs inside the penal institutions. They will attend universities during the summer term to finish their degrees.

3 Charged With Murder

CLEVELAND, Ohio (AP) — Three men have been charged with first-degree murder in connection with the shooting death of Columbus furniture salesman Donald Levitt.

Levitt, 26, a bachelor and Vietnam veteran, disappeared last Wednesday while en route from the Ideal Furniture Co. in Columbus to a Columbus bank where he was to deposit \$800.

Cleveland police said Levitt was abducted to Cleveland where his burning body was found tied to a chair that same night in an abandoned building on the east side. He had been shot three times in the head and lighter fluid had been poured on him, then ignited.

Police said the three men will be arraigned Wednesday in Cleveland Municipal Court on the charges. They were identified as Charles Cheeks, 21, of Sharon, Pa.; Jimmy Harris, 21, of Cleveland and Melvin Little, also known as Melvin Hemock, of Columbus.

Cheeks and Little were previously charged with the May 1 robbery of a Mansfield tavern.

Police said an 18-year-old Mansfield woman was being held as a material witness. She was not identified.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP)—Ohio Department of Agriculture cash grain prices: No. 2 red wheat unchanged to 1 cent lower, 1.42-1.54, mostly 1.48-1.52; No. 2 shelled corn mostly unchanged, 1.12-1.16, mostly 1.13-1.16; No. 2 oats mostly unchanged, .67-.80, mostly .70-.75; soybeans mostly 3 to 4 cents lower, 3.32-3.40, mostly 3.34-3.38.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Here is the Ohio weather summary from the National Weather Service:

Although skies will be sunny in Ohio today, temperatures will remain unseasonably cool. Highs today will be in the mid 50s to mid 60s. Lows tonight will dip to the 30s and 40s.

Fair skies and warmer temperatures will prevail Thursday. Highs will reach the 60s and 70s.

A cold high pressure area is expected to move across Ohio today and on to the East Coast Thursday. The system will keep cloudiness and rain to the west of the Buckeye state through Thursday.

Overnight temperatures dropped to the low 30s. Toledo reported the lowest reading at 31. Light frost was common around the state.

FORECASTS

OHIO — Sunny and continued cool today. Highs in the mid 50s in the north and in the 60s in southern Ohio. Clear and cool tonight with lows in the upper 30s and low 40s. Fair and warmer Thursday. Highs in the 60s and low 70s.

NORTHEAST INLAND, WEST CENTRAL, CENTRAL, EAST CENTRAL, NORTHWEST INLAND — Sunny and continued cool today. Highs in the mid to upper 50s. Clear and cool tonight with lows near 40. Fair and warmer Thursday. Highs in the 60s.

SOUTHWEST, SOUTHEAST — Sunny and warmer today. Highs in the 60s. Clear and cool tonight. Lows in the low 40s. Thursday fair and warmer. Highs in the low 70s.

Lyndon Johnson Sets Visit To Hospital

SAN ANTONIO, Tex. (AP) — A spokesman for the Brooke Army Medical Center says former President Lyndon B. Johnson plans to enter the hospital briefly within the next few days.

Johnson's physician said Monday the visit will be for a followup examination related to his recent heart attack. The doctor stressed that the examination is routine.

U.S. Sows Sophisticated Mines

By ROBERT A. DOBKIN
AP Military Writer

WASHINGTON (AP) — The hundreds and possibly thousands of underwater mines dropped by U.S. Navy planes to seal North Vietnam's ports are highly sophisticated devices unlike the old iron contact mines familiar to World War II sailors.

The new mines can be triggered by a variety of means

Want Findlay Chief Fired

FINDLAY, Ohio (AP)—Twenty policemen on Findlay's 43-man force threatened Tuesday night to quit unless Police Chief Morris Frankhouser and his chief aide are relieved.

They allege unfair and unequal treatment of officers on the force.

An unidentified spokesman for the 20 policemen say all have signed a letter of complaint which was to be handed today (Wednesday) to Mayor John Susser.

The letter says pleas for "sensible work assignments, fair treatment of personnel, adequate equipment" have brought no results.

The dissident policemen set no deadline for their announced plans to quit.

Use The Classifieds

Where's Coolsville?

and are equipped with timing devices much like an alarm that both automatically arm and deactivate them.

The timing is determined before the mines are air dropped into the sea.

With President Nixon allowing a three-day grace period for foreign vessels to safely leave North Vietnam's ports, the mines were set to become armed after 6 a.m. EDT Thursday.

The U.S. Navy formally notified all shipping of the mines Tuesday afternoon, saying any ships sailing the affected waters "must do so at their own risk."

Once dropped into place, military officials believe the North Vietnamese will have a difficult time clearing the mines from

their waters. The mines are hard to detect and difficult to disarm. Hanoi has but four mine-sweeping naval vessels, far too few to have any significant effect, the officials say.

However, the Soviet navy has over 300 minesweepers. But it was not known whether Moscow will send them to Hanoi's aid. If the ships are sent it's expected that the United States would simply lay more mines.

The mines weigh about 1,000 pounds each and can be dropped from virtually any Air Force or Navy bomber-type aircraft.

Mines used by the United States during World War II were relatively simple devices—spiked iron balls which exploded on contact with a ship. Since they floated on or

just below the water's surface, they were often easily detected. The mines now being seeded in North Vietnamese waters either lay on the muddy bottom or are suspended by cable at various depths, waiting for passing ships to trigger their powerful explosive charge.

The three principal types of mines in the U.S. arsenal are: —Acoustic mines that explode when the noise of a ship's propeller comes within radius.

—Magnetic mines, normally used in shallow water, that detonate when a ship passes overhead interrupting its magnetic field.

—Pressure mines, also used in shallow water, that explode when the mine senses a change in water pressure created by a passing ship.

Urge Legalized Prostitution

For Daytonians

DAYTON, Ohio (AP)—Candidates for public office have been asked by the City Commission to take a stand on a proposal to legalize prostitution here.

The proposal was put to candidates in a resolution adopted by the commission to include an item on legalizing prostitution in its proposed legislative program.

Under the proposal, prostitutes would be licensed and required to undergo periodic medical checkups to maintain their legal status.

City Commissioner Paul Roderer said he favors such legislation.

Primaries Marathon For Demos

By WALTER R. MEARS
AP Political Writer

NEW YORK (AP) — For the campaigning Democrats who want to be president, the race for nomination has become a grueling marathon, with trial heats almost every Tuesday but no decisive test in sight before California votes on June 6.

Sen. Hubert H. Humphrey of Minnesota and Sen. George McGovern of South Dakota are the principals in that primary election competition, with Alabama Gov. George C. Wallace picking his spots to challenge them.

But for all the investment of energy, money and time, the prospect now is for a month of indecisive primaries, offering portents but little drama, clues but no clear cut decisions on who will emerge as the top man in a divided convention at Miami Beach next July.

Tuesday was typical.

McGovern defeated Humphrey in the Nebraska presidential primary, thus maintaining the momentum he gained with victories in Wisconsin and Massachusetts and a narrow loss to the former vice president in Ohio.

Humphrey said he didn't regard Nebraska as critical either way, because it was so close. He said he had run surprisingly well with little time to campaign.

Humphrey trounced Wallace

Hershey Elected Secretary Of State Gideons

Dwight Hershey, Route 1, has been elected secretary of the State Gideon Society. He was elected during the convention held over the weekend at Cincinnati.

Other officers elected are: Edward Blankenship, Hamilton, president; Herbert Lantz, Archibald, vice president; Harry Munger, Akron, treasurer; John Schneemann Dayton, chaplain.

The main speaker at the convention was Howard Arming, international chaplain. There are 17 members in the Pickaway County Camp of the Gideon Society. Recently a "Dignitary Bible" was presented to Sheriff Dwight Radcliff by the local camp. It was identical to a Bible presented to President Richard Nixon last August.

Barker Completes Data Course

Buford E. Barker of 608 Clinton St., a combination man, has received a certificate for completing a course in data fundamentals at General Telephone Co. of Ohio's Plant Training School, Marion.

This four-week course covers proper installation and maintenance of data sets which convert data signals from a business machine to frequencies or tones for transmission over telephone line and vice versa.

A graduate of Chapmanville (W. Va.) High School, he has been with the company nearly seven years. He works in the company's Circleville district.

Barker previously completed nine other specialized courses in the company's training program.

Road Cleanup Set In LE District

The annual Logan Elm High School road cleanup will be held Thursday it was announced today by Vic Pontius biology teacher.

The cleanup is part of the Earth Day program at Logan Elm and is conducted with the cooperation of Pickaway, Washington and Saltcreek Twp. trustees.

in West Virginia and said it was a win he had earned by confronting the Alabamian while other candidates ran out.

McGovern sought to play down its national significance, saying he would have voted for Humphrey himself given Wallace as the alternative.

Both of Tuesday's contests were waged for psychological stakes. Delegates were elected separately, and it will be several days before it is clear who won them.

It added up to an indecisive round, foretelling another in a week. Michigan and Maryland vote then; Wallace looks formidable in both states.

The early primaries winnowed the Democratic field to Humphrey, McGovern and Wallace all virtually certain to go the route. It is almost as certain that none will prove much in the next month.

But that will change when California becomes the track. Humphrey and McGovern will

collide head on; Wallace has said he might stage a write-in campaign there. The primary winner will take away 271 votes for the Democratic nomination.

Two weeks later, in New York, 278 convention delegates will be elected in the final primary.

Long before he announced candidacy, Humphrey said the late primaries in the two biggest states loomed as the decisive tests.

It appears that he was right.

The Circleville Herald, Wed. May 10, 1972

Workhouse Suit Heard At Cincy

CINCINNATI (AP)—Conditions at the 100-year-old Cincinnati workhouse should be upgraded and the staff should be increased, says the guard captain at the institution.

The problem is that money isn't available, Capt. William Whitworth testified Tuesday in Hamilton county Common Pleas Court during trial of a suit filed by seven workhouse inmates.

The seven contend that their

constitutional rights are violated by conditions at the workhouse which is utilized mainly for the serving of misdemeanor charge sentences in Hamilton County.

Upset In Works For Rep. Hechler

CHARLESTON, W. Va. (AP)—Rep. Ken Hechler, darling of environmentalists, coal miners' union reformers and liberal Democrats, held a strong lead early today in his 4th Congressional Democratic primary race with Rep. James Kee, but the available results were far from final.

With 32 per cent of the southern district's 521 precincts reporting, Hechler held 13,621 votes to Kee's 6,229. Hawey Wells, their principal challenger, had 4,142.

Of the eight counties in the new district, only two precincts had reported from Wyoming County—traditional Kee territory—and Mingo County—a potentially-crucial voting area—had not reported at all.

Tough On Mothers

DUBLIN (AP) — It's rough to be a new mother in Dublin these days.

At the National Maternity Hospital patients have to lie on couches and on mattresses on the floor because of lack of space.

Kingston News Report

Children of the Sunday School of the Presbyterian Church will serve coffee and doughnuts at 10:30 Sunday morning for Mother's Day. All mothers are welcome and each one will be given a flower.

Dr. and Mrs. Lowell Orr and daughter, Erin, of Kent were Saturday overnight guests of his

parents, Mr. and Mr. Fred B. Orr. This was Erin's first visit and uncles, aunts and cousins called to meet her.

Mrs. Jack Donahue arrived Saturday from her home in Clearwater, Fla. to visit her parents, Mr. and Mrs. Lawrence Betz. Her two daughters and grandson, Miss

Jackie Donahue and Mrs. David Anderson and son Christopher will join her here on Saturday and stay over the weekend and help to celebrate the golden wedding anniversary of Mr. and Mrs. Betz.

Memorial services for three of their late members were held when the Ladies Auxiliary of

the American Legion Unit 291 met last Tuesday night. They were Mrs. Jessie Blain, Mrs. Katherine Lightner and Mrs. Golden Minser. The meeting was opened by the president, Mrs. Lyman Dresbach Jr. with Mrs. Francis Kelley serving as the flag bearer. Mrs. Charles Miller and Mrs. Kelley were appointed as nominating committee and Mrs. James Search Sr. and Mrs. Dresbach made up the committee of the month.

"Ursula's Mouse Trap" will be open on Thursday night from 7 till 9 p.m. and Sunday afternoons from 2 p.m. until 5

o'clock. The proprietor, Mrs. Wolfe says she has added a line of greeting cards to her stock.

Some of the mothers of Ohio University students who visited the Campus in Athens for "Mother's" weekend were Mrs. Jack Reisinger, Mrs. Maxwell Seymour, Mrs. Harold Knisley, Mrs. Clarence Woods, Mrs. George Myers Jr. and Mrs. Paul Edler. They were guests of their 'students' at various events.

Mrs. Edler attended the style show in which her daughter Sherry (Mrs. David Tenner), a home economics major, took part. Sherry and David will

both be seniors next year. Mrs. Knisley, Mrs. Woods and Mrs. Myers all saw one of the plays presented by the students and were guests of Sueanne Knisley, Max Woods and Beth Myers. Mrs. Reisinger and Jan went to the Home Ec Department Brunch in Tupper Hall and Mrs. Seymour and Suzanne attended the Flea Market in Bird Arena. These are only a few of the events prepared for enjoyment of the guests.

Mrs. Howard Carroll entertained with a turkey supper Saturday night to celebrate the birthday of Mr. Carroll. Present were their two sons and their

families, Mr. and Mrs. Donald Carroll, Shelley and Marla of Meade and Mr. and Mrs. John Carroll and Johnny, their son-in-law and daughter, Mr. and Mrs. Ted Brown of Circleville and Mrs. Carroll's father, Mr. Charles French.

Mrs. Jack Martin has returned to her home in Dayton after spending the week with her mother and sister, Mrs. Bessie Smith and Miss Floretta Smith.

Sunday visitors at the home of Mr. and Mrs. Howard Edwards were Mr. and Mrs. Rockford McCorkle, Mr. and Mrs.

Robert Foos and daughter, Kristen of Columbus and Mr. and Mrs. Raymond Brungs of Circleville. Mr. and Mrs. Foos also visited her parents, Mr. and Mrs. John Ralston.

Mrs. Margaret Seifert returned home Saturday after an extended visit with her son, John Leist and family in New Rome.

Rick Edler, son of Mr. and Mrs. Paul Edler and a 1972 graduate of Zane Trace High School left from Port Columbus Tuesday morning to spend two days on the campus of Jacksonville State University at Jacksonville, Alabama where he has been awarded a football scholarship. Mrs. Edler also says that she was notified that their daughter, Mrs. Sherry Tenner had again been named to the Dean's List.

Monday luncheon guests of Mrs. Lloyd Evans to help celebrate her birthday were her three daughters, Mrs. Ned Reichelderfer, Mrs. Gene Wright and Mrs. Tom Congrove. On Thursday, May 11, Mrs. Wright and her twin brother, Terry will celebrate their birthdays and on Sunday May 21st, open house to honor Mrs. Evan's stepfather, Mr. Floyd Hickel on his 100th birthday, will be held at the home of Mr. and Mrs. Tom Congrove. Mr. Hickel lives at the Fox Nursing Home in Laurelville where an appropriate celebration will be held on Saturday, May 20.

Mr. Roy Ross was dinner guest of Mr. and Mrs. Fred Stewart of Columbus at a local restaurant on Sunday which was his birthday and then all went to Chillicothe Hospital to visit Mrs. Ross.

The Women's Association of the Presbyterian Church met Thursday night at the home of Mrs. Neil Morris with Mrs. Russell Wolfe, the president, presiding. The program consisted of problems facing the church and what could be done toward solving them. The annual Honor Tea will be held in June, place to be decided upon later.

A Garage Sale was planned for May 19 and 20 when the Civic Club met at the home of Mrs. Howard Fish last Tuesday night. It will be at the home of Mr. and Mrs. Larry Street, Mrs. Kenneth Cooley was accepted as a new member and plans are now being made toward announcing "the outstanding citizen of the year." The Club is also discussing some new playground equipment. The June meeting will be a dinner meeting at Wardell's.

The Zane Trace Middle School and kindergarten observed Arbor Day April 28 with a ceremonial tree planting. The program was opened with Linda Shaw of the fifth grade reading a poem, "Trees" by Bliss Carman. Mrs. Lynn Clausen read, "The History of Arbor Day" and principal, Gary Walsh read the State Proclamation. Melody Vincent read the poem, "What Do We Plant When We Plant A Tree" by Henry Abbey. The concluding ceremonies of putting one shovel of soil around the tree by a teacher and student from each grade were performed by Mrs. Herrnstain and Tom Carter: Mrs. Maxwell and Charles Smith: Mr. Jones and Howard Russell: Mrs. Miller and Barbara Neff: Mrs. Howell and Donald Williams; Miss Moats and Tim Wolfe; Mrs. Clausen and Tom Shoemaker; Mrs. Clausen and Steve Richards; Mrs. Lindsay and Ricky Leasingham, Mr. Walsh and Mr. William Moss.

The Geranium Festival committee is sponsoring an old fashioned fish fry, a flea market and a square dance this weekend, May 13 and 14 at the park. There will also be a bake sale by the Zane Trace Youth League and 1,500 geraniums will go on sale. John Throckmorton of Chillicothe and Sherry Wahley will present an organ concert and music for the square dancing will be by the Blue Grass Pioneers. A slow pitch tournament will be held both days.

Sen. John Tunney Sued For Divorce

RIVERSIDE, Calif. (AP) — Sen. John V. Tunney, D-Calif., is being sued for divorce by his wife of 13 years, Mieke.

Records in Riverside County Superior Court showed Monday that Mrs. Tunney, 35, cited "irreconcilable differences" in her petition for a divorce from Tunney, 38.

o'clock. The proprietor, Mrs. Wolfe says she has added a line of greeting cards to her stock.

Some of the mothers of Ohio University students who visited the Campus in Athens for "Mother's" weekend were Mrs. Jack Reisinger, Mrs. Maxwell Seymour, Mrs. Harold Knisley, Mrs. Clarence Woods, Mrs. George Myers Jr. and Mrs. Paul Edler. They were guests of their 'students' at various events.

Mrs. Edler attended the style show in which her daughter Sherry (Mrs. David Tenner), a home economics major, took part. Sherry and David will

both be seniors next year. Mrs. Knisley, Mrs. Woods and Mrs. Myers all saw one of the plays presented by the students and were guests of Sueanne Knisley, Max Woods and Beth Myers. Mrs. Reisinger and Jan went to the Home Ec Department Brunch in Tupper Hall and Mrs. Seymour and Suzanne attended the Flea Market in Bird Arena. These are only a few of the events prepared for enjoyment of the guests.

Mrs. Howard Carroll entertained with a turkey supper Saturday night to celebrate the birthday of Mr. Carroll. Present were their two sons and their

families, Mr. and Mrs. Donald Carroll, Shelley and Marla of Meade and Mr. and Mrs. John Carroll and Johnny, their son-in-law and daughter, Mr. and Mrs. Ted Brown of Circleville and Mrs. Carroll's father, Mr. Charles French.

Mrs. Jack Martin has returned to her home in Dayton after spending the week with her mother and sister, Mrs. Bessie Smith and Miss Floretta Smith.

Sunday visitors at the home of Mr. and Mrs. Howard Edwards were Mr. and Mrs. Rockford McCorkle, Mr. and Mrs.

Robert Foos and daughter, Kristen of Columbus and Mr. and Mrs. Raymond Brungs of Circleville. Mr. and Mrs. Foos also visited her parents, Mr. and Mrs. John Ralston.

Kingston News Report

Children of the Sunday School of the Presbyterian Church will serve coffee and doughnuts at 10:30 Sunday morning for Mother's Day. All mothers are welcome and each one will be given a flower.

Dr. and Mrs. Lowell Orr and daughter, Erin, of Kent were Saturday overnight guests of his

parents, Mr. and Mrs. Fred B. Orr. This was Erin's first visit and uncles, aunts and cousins called to meet her.

Mrs. Jack Donahue arrived Saturday from her home in Clearwater, Fla. to visit her parents, Mr. and Mrs. Lawrence Betz. Her two daughters and grandson, Miss

Jackie Donahue and Mrs. David Anderson and son Christopher will join her here on Saturday and stay over the weekend and help to celebrate the golden wedding anniversary of Mr. and Mrs. Betz.

Memorial services for three of their late members were held when the Ladies Auxiliary of

the American Legion Unit 291, met last Tuesday night. They were Mrs. Jessie Blain, Mrs. Katherine Lightner and Mrs. Golden Minser. The meeting was opened by the president, Mrs. Lyman Dresbach Jr. with Mrs. Francis Kelley serving as the flag bearer. Mrs. Charles Miller and Mrs. Kelley were appointed as nominating committee and Mrs. James Search Sr. and Mrs. Dresbach made up the committee of the month.

"Ursula's Mouse Trap" will be open on Thursday night from 7 till 9 p.m. and Sunday afternoons from 2 p.m. until 5

o'clock. The proprietor, Mrs. Wolfe says she has added a line of greeting cards to her stock.

Some of the mothers of Ohio University students who visited the Campus in Athens for "Mother's" weekend were Mrs. Jack Reisinger, Mrs. Maxwell Seymour, Mrs. Harold Knisley, Mrs. Clarence Woods, Mrs. George Myers Jr. and Mrs. Paul Edler. They were guests of their 'students' at various events.

Fashion Designer Creates Clothes For Quiet Women

By ANN HENCKEN
Associated Press Writer
NEW YORK (AP) — Do women with conservative budgets want more conservative clothes than the couture customer?

A good many of them do, says Geoffrey Beene. He's aiming his Beene Boutique collection, priced \$110 to \$295 at a quieter crowd. He's saving a healthy dose of new ideas for his more expensive couture line for fall to be shown later this month.

The boutique clothes seem to be designed for the neat, attractive suburban matron who wants to be well-dressed without being aggressively fashionable.

She is given tried-and-true ideas: Beene's white collars and black bows, lots of knee-length day dresses and matching coats, quiet colors and very few pants outfits.

"Most of the pants combinations are in the couture, where they sell best. It's the reverse of what it used to be," says Beene.

He's also kept for his couture line most of the new topper coats, the new bright colors and wider armholes.

The boutique clothes generally carry over successful ideas from previous years. Dresses have the familiar princess waists, full gored skirts and set-in sleeves.

Evening clothes run from the

all-American striped taffeta shirt dress to halter styles with pleated lace, and ruffles. Evening floral prints are clear and pretty, not peculiar, high style or startling.

Beene does sneak a few new ideas in, however. Several evening dresses sported the drooping dolman sleeve. The armholes on an orange evening coat were slightly looser, a gentle version of those very wide-sleeved coats for fall.

For the women in this price range who do want some new ideas, there's a bright blue topper at Elliott Bass, Inc., for about \$100. They also offer camel smoking jackets and shirt jackets, with pants.

USE THE CLASSIFIEDS

English Sheep Dog Not Very Fierce

BALTIMORE (AP) — Ronald Lapia pulled his car up to a stoplight in downtown Baltimore. His large English sheepdog was sitting in back.

A man walked up and asked if the dog bit.

Lapia, 30, said the dog did not.

The man pulled out a pistol, forced driver and beast out of the car and sped off.

"He's a good watchdog in the house, but he's really not very fierce," the victim told police.

Barnes Re-Elected County Chairman

CINCINNATI (AP) — Despite a defeat in a May primary race, Earl Barnes has unanimously been re-elected chairman of the Hamilton County Republican party.

Barnes was re-elected Tuesday night as chairman of the GOP central committee, hence as party chairman.

U.S. Sen. Robert Taft Jr. defeated Barnes for the GOP state central committee seat from the 1st Congressional District May 2.

There are only about 250 species of turtles remaining in the world today.

Government Holds Fast On Food Price Prediction

WASHINGTON (AP) — Despite sharply higher food prices early this year, the Agriculture Department is sticking to its February prediction that housewives will pay only 4 per cent more at the supermarket in 1972.

The latest estimate, included Tuesday in an updated food-situation report, said grocery store prices during the first three months this year averaged 5 per cent more than in the first quarter of 1971.

That bulge now has settled a bit because of recent declines in meat prices, the report said.

"But some further rise may be in store this summer," it cautioned.

"Seasonal factors, brisk demand and some tightening of pork supplies will account for most of the expected advance."

The predicted 4-per-cent gain for grocery store prices this year compares with a 2.4-per-cent rise in 1971.

All food prices, including meals eaten away from home, are expected to increase between 4 and 4.5 per cent this year, compared with an all-foods boost in 1971 of 3.0 per cent, the report said.

That estimate also was a repeat of a projection made by the department in February.

Officials said meat products, buoyed by higher farm prices and larger middleman spreads, will account for most of the increase this year.

"Pork prices will be sharply

higher than last year's extremely low levels, and beef prices will also average significantly higher than last year," the report said.

"Poultry and eggs, on the other hand, which were depressed last year, will rise at a more moderate pace. The advance for fish may be about the same

as last year and ... dairy products, less."

Some other predictions included:

—Potato prices may rise slightly this year, compared with a decline in 1971, and fruit is likely to increase during the summer, but not as much as last season.

—Any gain in vegetable prices will be tempered by the usual seasonal increase in supplies. Vegetable prices will likely increase into early summer, (but) perhaps by less than ... a year ago."

3 Persons Killed Within Hours In Newark Area

NEWARK, Ohio (AP)—Three persons died in separate accidents within a few hours of each other southeast of Newark late Tuesday.

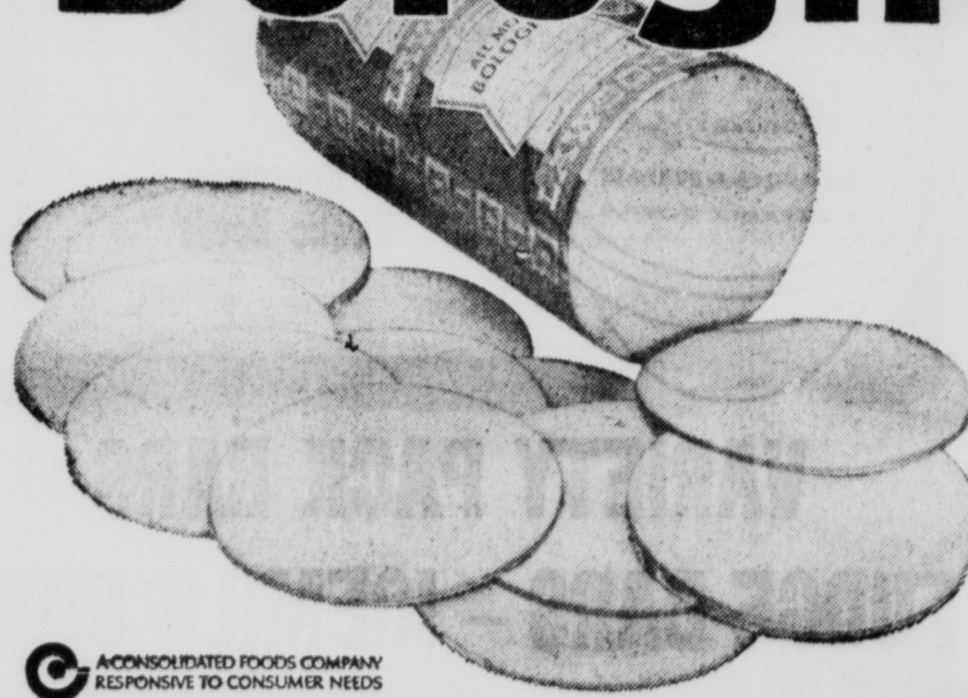

Ralph Hacker, 36, of Zanesville, died in a car-truck accident on Interstate 70, near Ohio 668. The four-lane road narrows to two lanes at that point for repairs.

Fifteen minutes later William Chaplin, 48, of Richmond, Va., died when his car, slowing for the first accident was smashed from behind by a truck in an accident which eventually involved four vehicles.

Late Tuesday night William Swinehard, 54, of Rt. 2, Thornville, died in a car-truck accident on U.S. 40 within a few miles of the two earlier accidents.

Motor Freight Corp., President, Columbus Motor Freight Club; Virgil Drumm, Asst. T. M. Owens-Corning Fiber Glass and President, Mound Builders Traffic Club, Newark, Ohio; Jerry L. Welsh, TM, Abex Corp.; Norman P. Clevenger, Terminal Manager, Bowman Trans., Inc. and Pres., Delta Nu Alpha Transportation Fraternity, Inc.

Fashion Designer Creates Clothes For Quiet Women

By ANN HENCKEN
Associated Press Writer
NEW YORK (AP) — Do women with conservative budgets want more conservative clothes than the couture customer?

A good many of them do, says Geoffrey Beene. He's aiming his Beene Boutique collection, priced \$110 to \$295 at a quieter crowd. He's saving a healthy dose of new ideas for his more expensive couture line for fall to be shown later this month.

The boutique clothes seem to be designed for the neat, attractive suburban matron who wants to be well-dressed without being aggressively fashionable.

She is given tried-and-true ideas: Beene's white collars and black bows, lots of knee-length day dresses and matching coats, quiet colors and very few pants outfits.

"Most of the pants combinations are in the couture, where they sell best. It's the reverse of what it used to be," says Beene.

He's also kept for his couture line most of the new topper coats, the new bright colors and wider armholes.

The boutique clothes generally carry over successful ideas from previous years. Dresses have the familiar princess waists, full gored skirts and set-in sleeves.

Evening clothes run from the

all-American striped taffeta shirt dress to halter styles with pleated lace, and ruffles. Evening floral prints are clear and pretty, not peculiar, high style or startling.

Beene does sneak a few new ideas in, however. Several evening dresses sported the drooping dolman sleeve. The armholes on an orange evening coat were slightly looser, a gentle version of those very wide-sleeved coats for fall.

For the women in this price range who do want some new ideas, there's a bright blue topper at Elliott Bass, Inc., for about \$100. They also offer camel smoking jackets and shirt jackets, with pants.

USE THE CLASSIFIEDS

English Sheep Dog Not Very Fierce

BALTIMORE (AP) — Ronald Lapia pulled his car up to a stoplight in downtown Baltimore. His large English sheepdog was sitting in back.

A man walked up and asked if the dog bit.

Lapia, 30, said the dog did not.

The man pulled out a pistol, forced driver and beast out of the car and sped off.

"He's a good watchdog in the house, but he's really not very fierce," the victim told police.

Barnes Re-Elected County Chairman

CINCINNATI (AP) — Despite a defeat in a May primary race, Earl Barnes has unanimously been re-elected chairman of the Hamilton County Republican party.

Barnes was re-elected Tuesday night as chairman of the GOP central committee, hence as party chairman.

U.S. Sen. Robert Taft Jr. defeated Barnes for the GOP state central committee seat from the 1st Congressional District May 2.

There are only about 250 species of turtles remaining in the world today.

Government Holds Fast On Food Price Prediction

WASHINGTON (AP) — Despite sharply higher food prices early this year, the Agriculture Department is sticking to its February prediction that housewives will pay only 4 per cent more at the supermarket in 1972.

The latest estimate, included Tuesday in an updated food-situation report, said grocery store prices during the first three months this year averaged 5 per cent more than in the first quarter of 1971.

That bulge now has settled a bit because of recent declines in meat prices, the report said. "But some further rise may be in store this summer," it cautioned. "Seasonal factors, brisk demand and some tightening of pork supplies will account for most of the expected advance."

The predicted 4-per-cent gain for grocery store prices this year compares with a 2.4-per-cent rise in 1971.

All food prices, including meals eaten away from home, are expected to increase between 4 and 4.5 per cent this year, compared with an all-foods boost in 1971 of 3.0 per cent, the report said.

That estimate also was a repeat of a projection made by the department in February. Officials said meat products, buoyed by higher farm prices and larger middleman spreads, will account for most of the increase this year.

"Pork prices will be sharply

higher than last year's extremely low levels, and beef prices will also average significantly higher than last year," the report said.

"Poultry and eggs, on the other hand, which were depressed last year, will rise at a more moderate pace. The advance for fish may be about the same

as last year and ... dairy products, less."

Some other predictions included:

—Potato prices may rise slightly this year, compared with a decline in 1971, and fruit is likely to increase during the summer, but not as much as last season.

—Any gain in vegetable prices will be tempered by the usual seasonal increase in supplies. Vegetable prices will likely increase into early summer, (but) perhaps by less than ... a year ago."

For all of 1972, the report said, consumer food spending is expected to total 5.5 per cent more than last year, including adjustments for population increases as well as an upswing in prices. That would mean a national food bill of about \$124.8 billion, a \$6.5-billion boost from last year.

3 Persons Killed Within Hours In Newark Area

NEWARK, Ohio (AP)—Three persons died in separate accidents within a few hours of each other southeast of Newark late Tuesday.

Ralph Hacker, 36, of Zanesville, died in a car-truck accident on Interstate 70, near Ohio 668. The four-lane road narrows to two lanes at that point for repairs.

Fifteen minutes later William Chaplin, 48, of Richmond, Va., died when his car, slowing for the first accident, was smashed from behind by a truck in an accident which eventually involved four vehicles.

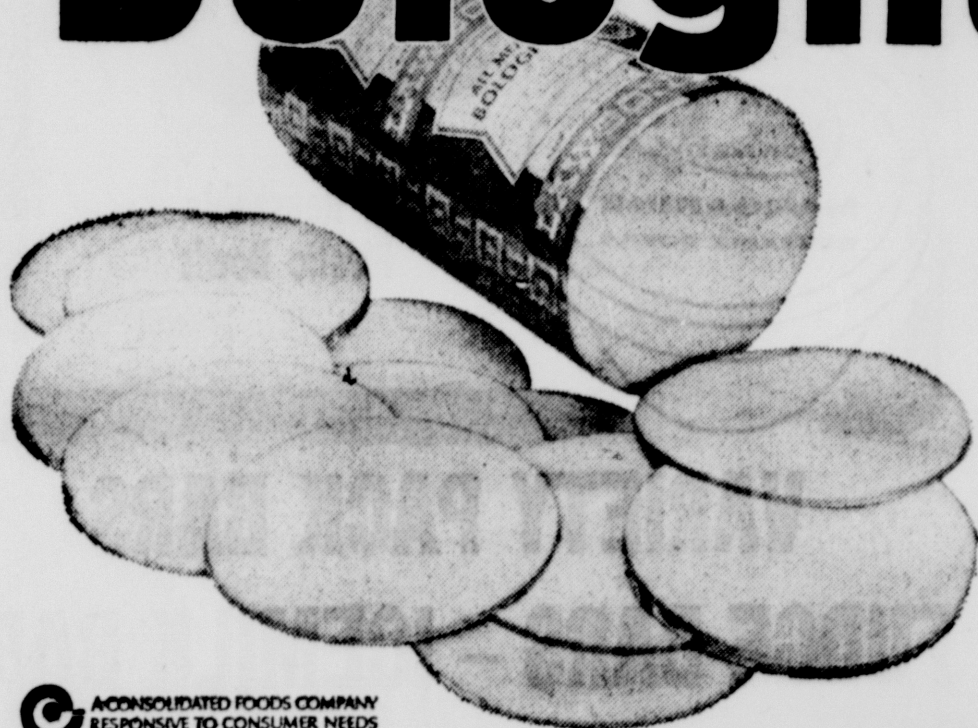

Late Tuesday night William Swinehard, 54, of Rt. 2, Thornville, died in a car-truck accident on U.S. 40 within a few miles of the two earlier accidents.

BUTTERFLIED LAMB LEG

This delicious recipe is my favorite way to serve lamb leg. The unique
flavor imparted by the seasonings and wine always brings compliments
from whomever I serve it to. And what woman doesn't like compliments?

1 Leg Of Lamb
2 Teaspoons Salt
1/2 Teaspoon Pepper
1 1/2 Tablespoons Curry Powder
1 1/2 Tablespoons Oregano
1 Tablespoon Minced Garlic
1 Bottle (4/5 quart) Chablis Wine

Bone and butterfly lamb leg. Use sharp, narrow bladed knife, cut as close to the
bone as possible. After bone is removed, make as few cuts as necessary to make
meat spread out rather flat. Combine dry seasonings. Rub well all over meat. Put
meat in a bowl of adequate size but no larger than necessary; cover with Chablis
and marinate at least 6 hours or overnight.

Drain and place on grill over hot fire to sear both sides. Then move farther away
from fire and slow cook until meat thermometer registers 140 degrees in thickest
part for medium rare (45-60 minutes). Cook longer for medium. Turn each time the
meat gets shiny on top. This is also wonderful cold.

In talking with Mrs. McCann,

Lost Plane
Being Sought

LOUISVILLE, Ky. (AP) — The Kentucky Civil Air Patrol will join Ohio and Indiana CAP wings in a search for a single-engine light aircraft overdue at either the Evansville or Washington, Ind., airport, a CAP officer said early this morning.

Lt. Col. Thorpe Smith said the plane took off from Clinton, N.J., Sunday, reportedly bound for one of the two Indiana landing fields, where it has not arrived yet.

Smith said the plane landed at Barnesville, Ohio, to refuel and was not seen again. The Ohio and Indiana wings of the CAP have been searching unsuccessfully for the plane since early yesterday morning, he said.

After the plane left Barnesville, Smith said, the pilot radioed ahead to Zanesville, Ohio, asking for weather conditions at Sanford Field and Louisville as well as those for Lexington, Ky., and Evansville.

Since the Ohio and Indiana searchers have not found the plane, Smith said, it is thought the pilot may have flown south over Kentucky, possibly to avoid bad weather along the direct route to Evansville or Washington, Ind.

Ashland College
Profs Unionize

ASHLAND, Ohio (AP)—Ashland College faculty members voted 114 to 29 Tuesday to have the American Association of University Professors (AAUP) represent them as bargaining agent.

The college is the first in Ohio to have a collective bargaining unit.

Five months ago, 40 faculty members at the college were notified they would be dropped from the staff due to financial problems.

The AAUP says it plans to meet soon with college officials.

U.S. Forces Mine, Bomb Ports

SAIGON (AP) — The biggest U.S. air and naval task force ever assembled in Vietnam began mining the entrances to Haiphong and other North Vietnamese ports Thursday and heavily bombed railroads and highways in North Vietnam.

The U.S. Command reported one North Vietnamese MIG jet shot down during the mining operation, the seventh MIG reported downed in four days.

The command said the initial phases of the blockade announced by President Nixon Monday night "have been successfully accomplished" and the Navy planes that dropped the delayed action mines to seal off the enemy's harbors had all returned safely to their carriers.

But the commander of a cruiser-destroyer flotilla in the Tonkin Gulf, Rear Adm. Rembrandt C. Robinson, was killed Monday night in the Vietnam war.

The Navy said it has marshaled a force of at least 60 ships—including five aircraft carriers with 350-400 warplanes, four cruisers and 30 destroyers—to mine all entrances to North Vietnamese ports, to cut off the delivery of war materials through the territorial waters of North Vietnam, and to sever rail and other communication lines ashore.

The 7th Air Force has more than 500 strike planes flying from bases in Thailand and South Vietnam.

U.S. Command spokesmen said air strikes continued over North Vietnam today. They gave no details of the day's operations but said attacks in the North had nearly doubled during the past week to an average of about 200 strikes a day.

American planes returned to the Hanoi area Monday for the first time in three weeks.

The aerial mining of Haiphong centered on a narrow channel called the Canal Maritime which was dredged into the harbor.

The mining operation began at 9 a.m. Saigon time, just as President Nixon was beginning his televised address. The President said nations shipping supplies to North Vietnam had been notified they have three "daylight periods" to get their ships out of North Vietnamese ports. The notification said the mines were set to activate automatically at 6 p.m. Thursday.

As Nixon was addressing the American people, field reports reaching Saigon said a border ranger camp in South Vietnam's central highlands was overrun and hand-to-hand fighting was raging in another. This increased the threat to Kontum City, believed to be a key target in the North Vietnamese offensive.

The reports said the Polesi Klong camp 14 miles northwest of Kontum was overrun during the night and two companies of the defenders moved about half a mile to the northeast. But one company of about 100 border rangers and some of their families were reported killed or taken prisoner.

A see-saw battle raged at the Ben Het camp 33 miles northwest of Kontum. At dawn the camp was reported one third under enemy control with one enemy tank inside the perimeter and 10 others closing in.

But later reports said five of the tanks were destroyed and the North Vietnamese were driven out of the base although fighting was still heavy at noon.

On the northern front below the demilitarized zone, U.S. sources said a massive air and artillery attack was carried out Monday just north of the My Chanh river defense line an attempt to destroy an enemy troop concentration threatening Hue, 20 miles to the south.

In the Saigon region, the battered provincial capital of An Loc, 60 miles to the north, was pounded again by more than 1,000 artillery rounds.

The shelling of An Loc has shown no signs of abating despite the assumption of allied officers that the North Vietnamese would run short of ammunition.

Picketing
Of OFBF
1st Step

COLUMBUS, Ohio (AP) — Spokesmen for the United Farm Workers Union said picketing at the Ohio Farm Bureau's cooperative, Landmark, Inc., Tuesday was the first step in an effort to organize the state's farm workers.

A Farm Bureau official contended the union's organizing problems resulted from a hesitancy of workers to join, not interference from growers.

The dozen pickets protested the bureau's labor policies and demanded a U.S. Senate investigation of the Farm Bureau.

C. William Swank, executive vice president of the Farm Bureau, said his organization would welcome such a probe.

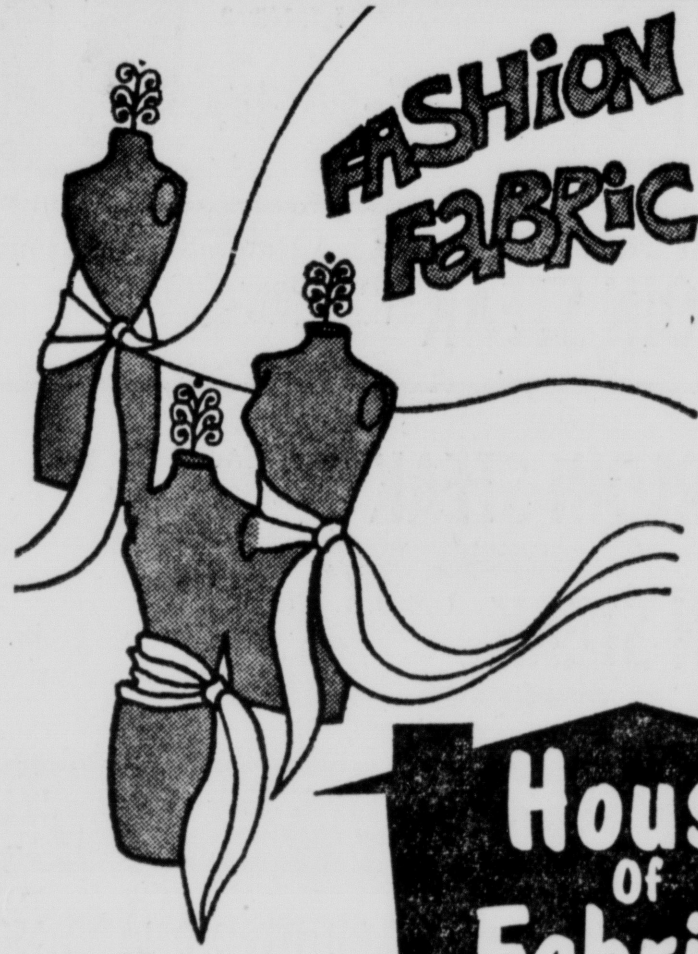

Swank said the investigation should be extended to tax-exempt foundations and what he called politically-activated church federations and labor unions.

Pickets also were set up in Cleveland, Cincinnati, Dayton, Toledo and Louisville, Ky., as part of a nationwide anti-farm bureau campaign.

Nina Van Pallandt
Signed As Costar

NEW YORK (AP) — Nina Van Pallandt, the Danish singer who testified in the Clifford Irving-Howard Hughes affair, has been signed to costar in a film with Elliott Gould, it was announced Monday.

Miss Van Pallandt will play in "The Long Goodbye," a United Artists movie to be filmed in Los Angeles starting in June. The film is based on a Raymond Chandler detective story and will be directed by Robert Altman.

Dear Abby:

By Abigail Van Buren

'Bridge' Is In Danger Of Collapse

DEAR ABBY: We, as a group, would appreciate your viewpoint on the following:

I belong to the establishment group, agewise. (I am 65.) A judge in Los Angeles recently addressed our group and stated that if we could communicate with the longhaired young people and compliment them when they had it coming, it would help to bridge the generation gap.

UMW Admits Setting Up Death Fund

WASHINGTON (AP) — The United Mine Workers of America has told the government it spent \$19,970 in 1969 for a "research committee" that has been described as the source of money used in a plot to kill insurgent UMW leader Joseph A. "Jock" Yablonski.

Richard A. Sprague, special prosecutor in the Yablonski case has labeled the committee "a murder fund" and said it was set up in 1969 at a conference between UMW President W. A. "Tony" Boyle, and Albert Pass, a member of the UMW's international executive board.

Boyle denies any connection with the December 1969 slaying of Yablonski, his wife, and daughter at their Washington, Pa. home.

The \$19,970 expenditure is listed in a UMW report to the Labor Department for the union's District 19 in Middlesboro, Ky. In 1970 and 1971, the research committee had expenses of \$16,094 and \$6,265 respectively.

Financial records list no duties for the committee.

Unlike other more detailed union filings on record, the committee expenditure is listed as merely a lump sum.

Believe Some People Just Naturally Fat

ANN ARBOR, Mich. (AP) — Just as some people are destined to be tall or bald certain individuals are "biologically programmed" to be fat, a psychologist at the University of Michigan suggests.

These people, suggests Prof. R. E. Nisbett, have a higher baseline of adipose tissue, or fat cells, than others.

NOTICE TO BIDDERS

**CITY OF CIRCLEVILLE
DEPARTMENT OF PUBLIC SERVICE**
Legal Notice
Sealed proposals will be received by the Director of Public Service of the City of Circleville, Ohio, at his office in City Hall, 123 South Court Street, Circleville, Ohio 43113, for the following, until 12:00 o'clock noon, Eastern Daylight Time, June 1, 1972, as authorized in Ordinance No. 23-72.

The item to be bid is all labor, equipment, materials and other items necessary to completely repair and restore the exterior trim, including windows, soffits, cornice, cupola, and other metal and wood trim of the Circleville City Hall.

Specifications and a contract documents may be obtained at the office of the Director of Public Service, City Hall, Circleville, Ohio 43113.

Each proposal shall be submitted on the forms provided and according to the instructions supplied. Each proposal shall also be accompanied by the bid bond given in favor of the City of Circleville, Ohio, for an amount equal to at least ten (10) per cent of the total amount of the bid. The bid bond shall be either a bond issued by a surety company authorized to do business in the State of Ohio or a certified check on any solvent bank made payable to the order of the Director of Public Service of the City of Circleville, Ohio. If the bidder fails or refuses to enter into a contract within ten (10) days after notice of acceptance of his proposal, the bidder shall forfeit to the City of Circleville his bid bond.

The bid bonds of unsuccessful bidders shall be cancelled and returned. The bid bond of the successful bidder shall be retained pending the proper delivery of the completed contracts.

The Director of Public Service reserves the right to reject any and all bids, waive any informalities in the same, or to accept any bid or combination of bids based on lowest and best bid or bids.

CHRYSLER - PLYMOUTH
Route 22 West at 56
Circleville

Last week I did just that. We were dining out, and at the next table to ours sat three young men with long hair. They were well scrubbed, quiet and courteous, yet their attire was typically mod.

On leaving I stopped at their table and complimented them on their neat, scrubbed appearance and said I hoped that they were furthering their education to become useful citizens in the world. They smiled and thanked me and I left.

Question: Was I wrong? On relating the incident to other young people, I was criticized for my actions.

I would appreciate your opinion.

LEISURE WORLDER
DEAR WORLDER: You can bridge the gap better with unprejudiced, common sense evaluation of other people than by impulsive, contrived compliments. I'm sure you meant well, but the kids may have thought you were bending too far backwards.

DEAR ABBY: Is my husband crazy, or am I? He has worn glasses for years, and says when he takes his glasses off, he can't hear. Do you think he should have his head examined?

ABE'S WIFE
DEAR WIFE: Not necessarily. But it wouldn't hurt to have his EARS examined.

DEAR ABBY: In reference to "Stay-At-Home Wife" whose husband has been seeing a widow he had known 40 years before: At that time the woman turned him down because he was going to have his foot amputated and she "couldn't bear the thought of marrying a man who couldn't dance."

Six years later an accident ended MY dancing days, and left me permanently operating from a wheelchair. Since one dream of my husband's life had been a good wife, not merely a dancing partner, we coped with this, too, though it was surely an unpredictable "worse" of the "better or worse" of our wedding vows.

With dancing partners separating all around us, we are still happily together. "He who refuses understanding burns the bridge over which he may some day need to pass."

I would like to ask Widow where she thinks I would be today if, 17 years ago my husband "couldn't bear the thought of being married to a woman who couldn't dance."

Ferguson Seeks Putnam County Fund Recovery

COLUMBUS, Ohio (AP) — State Auditor Joseph T. Ferguson said Monday he is seeking recovery of more than \$16,000 from two past and present clerk-treasurers of Putnam County.

Examiners audited the school district financial reports and found that "the luncheon fund deposits were not equal to the potential income," Ferguson said. Copies of the audit have been sent to the Putnam county prosecutor.

The three were identified as Harlan Ziegler, Charles Bird and Hulda Turner.

The audit period was from Sept., 1968 to Jan. 31, 1972.

Two lunchrooms, selling to elementary students, were involved, Ferguson said.

WAC Offers Delay Program

As part of its continuing effort to make the same benefits available to women as to men, the Army recently opened its Delayed Entry Program for enlistment to females, according to Sgt. Jim Neal, Circleville area recruiter.

The Delayed Entry Program, often referred to simply as the DEP, enables an eligible young woman to join the Women's Army Corps, but not go on active duty for up to 180 days after the date she joins.

A major reason for the DEP is to allow the high school senior to make plans now for her future after graduation.

"Then, too, the pressure of finding a job when all the other high school graduates are looking is eliminated," Sgt. Neal emphasized.

If the girl has a part time job and wants to continue it through the summer, she can do so while accumulating six months credit with the WAC for pay purposes when she goes on active duty.

A forerunner in achieving equal status for women, the Women's Army Corps offers the same salary to women as a male of equal rank receives.

The DEP is one of many changes proposed by the Women's Army Corps as it observes its 30th anniversary this year.

Old Secrets Never Die, They're Just Filed Away

By CARL C. CRAFT
Associated Press Writer
WASHINGTON (AP) — Old secrets never die, Congress has been told, they're just filed away.

The oldest is a World War I era secret, involving a so-called "contingency plan" for U.S. military action, keepers of America's Historical records said Monday.

"It would have to be a very rare bird indeed that would still have to be classified from World War I," said Archivist James B. Rhoads.

The World War I contingency plan is part of an estimated 470 million pages of classified documents, including World War II and Korean War material, currently kept in the archives, federal-record centers and various presidential libraries, Rhoads told the House government information subcommittee.

The documents are not totally unavailable to researchers,

since agencies can give people clearance to see some of the old files, although there is a good deal of bothersome paperwork involved, Rhoads said.

However, he said, starting June 1, when President Nixon's new executive order on document classification takes effect, there will be an end to "the time-consuming delays which so annoy researchers." Nixon's directive also will lead to opening significant amounts of fairly recent classified material, Rhoads added.

The new order provides for automatic declassification of documents that are 30 years old, but a department head can retain secrecy of "specifically identified" material, he said.

Nixon's order drew fire from Lloyd C. Gardner, chairman of Rutgers University's history department, who told the subcom-

mittee the order could make information access problems worse.

Gardner suggested having a law replace the order, and make the automatic declassification apply after 15 years instead of 30.

"If we are to wait for such a procedure as is envisioned in this executive order," he said, "we will all be dead before the history of the cold war can be written from official records. And our heirs will have less chance to profit from our mistakes, or to preserve an open society," Gardner said.

Dear Abby: By Abigail Van Buren

'Bridge' Is In Danger Of Collapse

DEAR ABBY: We, as a group, would appreciate your viewpoint on the following:

I belong to the establishment group, agewise. (I am 65.) A judge in Los Angeles recently addressed our group and stated that if we could communicate with the longhaired young people and compliment them when they had it coming, it would help to bridge the generation gap.

Last week I did just that. We were dining out, and at the next table to ours sat three young men with long hair. They were well scrubbed, quiet and courteous, yet their attire was typically mod.

On leaving I stopped at their table and complimented them on their neat, scrubbed appearance and said I hoped that they were furthering their education to become useful citizens in the world. They smiled and thanked me and I left.

Question: Was I wrong? On relating the incident to other young people, I was criticized for my actions. I would appreciate your opinion.

LEISURE WORLDER
DEAR WORLDER: You can bridge the gap better with unprejudiced, common sense evaluation of other people than by impulsive, contrived compliments. I'm sure you meant well, but the kids may have thought you were bending too far backwards.

DEAR ABBY: Is my husband crazy, or am I? He has worn glasses for years, and says when he takes his glasses off, he can't hear? Do you think he should have his head examined?

ABE'S WIFE
DEAR WIFE: Not necessarily. But it wouldn't hurt to have his EARS examined.

DEAR ABBY: In reference to "Stay-At-Home Wife" whose husband has been seeing a widow he had known 40 years before: At that time the woman turned him down because he was going to have his foot amputated and she "couldn't bear the thought of marrying a man who couldn't dance."

UMW Admits Setting Up Death Fund

WASHINGTON (AP) — The United Mine Workers of America has told the government it spent \$19,970 in 1969 for a "research committee" that has been described as the source of money used in a plot to kill insurgent UMW leader Joseph A. "Jock" Yablonski.

Richard A. Sprague, special prosecutor in the Yablonski case has labeled the committee "a murder fund" and said it was setup in 1969 at a conference between UMW President W. A. "Tony" Boyle, and Albert Pass, a member of the UMW's international executive board.

Boyle denies any connection with the December 1969 slaying of Yablonski, his wife, and daughter at their Washington, Pa. home.

The \$19,970 expenditure is listed in a UMW report to the Labor Department for the union's District 19 in Middlesboro, Ky. In 1970 and 1971, the research committee had expenses of \$16,094 and \$6,265 respectively.

Financial records list no duties for the committee.

Unlike other more detailed union filings on record, the committee expenditure is listed as merely a lump sum.

Believe Some People Just Naturally Fat

ANN ARBOR, Mich. (AP) — Just as some people are destined to be tall or bald certain individuals are "biologically programmed" to be fat, a psychologist at the University of Michigan suggests.

These people, suggests Prof. R. E. Nisbett, have a higher baseline of adipose tissue, or fat cells, than others.

NOTICE TO BIDDERS

Advertising for bids on (25,000) twenty-five thousand gallons tar and (800T) eight hundred tons of 100 per cent crushed gravel delivered and applied to various roads in a 14 creek Township, Pickaway County, Ohio. Bids must be submitted by 9:00 P.M. E.D.S.T. on May 30, 1972, at the Saltcreek Township School House, Pickaway County.

Bengals Get Bob Bruggers In Trade For Ernie Wright

CINCINNATI (AP) — The Cincinnati Bengals of the National Football League have acquired veteran linebacker Bob Bruggers from San Diego for offensive tackle Ernie Wright.

The Bengals, who made the trade Tuesday, said that Bruggers has already signed with them and will be given an opportunity at all three line-backing positions.

New York Rangers Spoil Bruin Party

BOSTON (AP) — The stage was set for a big celebration. The champagne was well chilled, the Stanley Cup presentation ceremonies were outlined, and cameramen were warned to photograph "only appropriately dressed" players in the Boston dressing room.

Then the New York Rangers, playing a role of gate crashers, ruined the Bruins' party, at least postponing it for another 48 hours.

Tourney At LEHS

The Logan Elm-Lancaster Fisher sectional tournament baseball game has been transferred to Logan Elm High School diamond 4:30 p.m. today due to wet grounds on Fisher High's home diamond it was announced by Vic Pontius, LE coach.

eral games in 1971 with an arm injury. He was with the Miami Dolphins for three years before joining San Diego.

Wright, 32, had played eight years with the Chargers and the last four with Cincinnati. He was one of the original 40 players the Bengals obtained in the allocation draft in 1968 of the old American Football League.

A groin injury kept Wright out of several games in 1971. "Ernie served his stint with us in fine fashion and we wish him every success in San Diego," Cincinnati Coach Paul Brown said about the 6-foot-4, 270-pound Ohio State graduate. "We made this trade because we felt Ernie is in the twilight of his career and because we have three young offensive tackles in Howard Fost, Rufus Mayes and Vernon Holland," Brown added.

Hanley Leader In Bass Contest

Paul Hanley Jr. is the leader in the Biggest Bass Contest being sponsored by Mike's Retail Bait, 372 Weldon Ave. Hanley has registered a big bass weighing 6 pounds 3 ounces he caught in the Canal using night crawlers for bait. The fish was 22 1/2 inches long and 16 1/2 inches in girth. The contest ends May 31.

Davis Loft Wins 1st Pigeon Race

Circleville Pigeon Club held its first race of the 1972 Old Bird Series Sunday from Maysville, Ky., with 173 birds from eight lofts competing in the 100-mile event. Don Davis' loft won first place, bird and loft Derby with a speed of 1698.587 yards per minute. John Grabins' birds took second with 1699.078 YPM, Virgil Russell's third with 1685.581 YPM and Hager Blevins' loft was fourth in 1685.053 YPM.

Nets Tie Up ABA Playoffs; Turn Back Pacers, 117-115

INDIANAPOLIS, Ind. (AP)—The home court advantage doesn't seem to mean much to the New York Nets and the Indiana Pacers.

Both teams won upset victories on their opponent's courts to move into the American Basketball Association championship playoff, now tied at one game apiece.

The Nets tied it here Tuesday night with a 117-115 victory over the Pacers. The victory came despite a scorching rally in which Indiana scored 16 straight points.

Now the series moves to New York for the third game Friday night and the fourth Monday night. However, neither coach feels the home court advantage will be any more for New York than it was for Indiana.

Pacer coach Bob Leonard said, "We're going to have to go out there and win a ball game or two. It's a five-game series."

He added, "Somebody's going to have to win three out of five."

Lou Carnesecca, Nets coach, said, "It's all even now, and I don't see where going home is going to be any big advantage to us. When you play Indiana and you get this far, it's just how you play the game, each game."

Both coaches said the key to Tuesday night's New York victory was the play of the Nets' guards, particularly Bill Melchioni.

Melchioni, who missed more than a month of the regular season with a broken bone in

his leg, hit 10 of 18 shots from the field and six of eight from the free throw line to total 26 points. He scored 17 in the second half.

Rookie John Roche hit eight of 15 field goal attempts, including a three-pointer and wound up with 18 points.

Rick Barry was the game's high scorer with 29 points, including 10 in the final period. His basket with 25 seconds remaining won the game. He

added a free throw with three seconds left.

Center Bill Paltz chipped in 18 points and 15 rebounds for the winners. The Pacers were led by Roger Brown and George McGinnis with 22 each and Freddie Lewis with 21. McGinnis, who had 11 rebounds, got in foul trouble early in the fourth period and sat out the last 10 minutes of the game.

FUTURE GAMECOCK — Jack Brinker, Teays Valley grid star, signs a letter of intent with the University of South Carolina. His father, John Brinker, (left) and Viking coach Dick Kidwell

(right) witness the signing. The 6-foot-2-inch, 230-pound griddier gained state recognition at Teays Valley and will perform at offensive guard or center for Coach Paul Dietzel's Gamecocks.

Westfall Bats Power Squad To Victories

Power hitting remains the key to the six victories the Westfall Mustangs have piled up this season with four swingers rapping the ball at better than a .400 clip.

Ted Musselman leads the parade with 14 hits in 29 times at bat for a torrid .483 average. Larry Harris and Mike Peterson both have 13 hits in 29 trips for an average of .448. Doug McKay has 12 hits out of 29 for .414 while Scott Riddle has rapped the ball 12 times in 39 plate appearances for an average of .308.

In the runs batted in department, Harris leads with 21. Musselman has 14. McKay has accounted for 11 and Peterson has plated 10 runners.

Pitching statistics show Musselman hurling 33 1-3 innings, allowing 13 earned runs, 31 hits, 24 walks and striking out 52 for a 3-2 record.

Peterson has been on the mound 16 innings, giving up four earned runs, 19 hits, nine walks, fanned 11 for a 2-1 mark.

Rick Stonerock has 18 2-3 innings on the hill. He has been touched for four runs, 16 hits, whiffed 14 and hasn't issued a free pass to gain a 1-1 record on the season.

Michigan State trackmen have won the Big Ten indoor mile relay title the last five years.

Cubs, Monday Stop Cincinnati In 7-1 Contest

CINCINNATI, Ohio (AP)—While the temperature dipped to about 40, Rick Monday hiked his batting average about 40 points Tuesday night.

The Chicago centerfielder, acquired after last season from the Oakland Athletics, helped turn the cold night into a hot one for the Cubs as they routed Cincinnati 7-1, Monday registered four hits to raise his average from .348 to .385.

"All I think is that things are falling into place for me now," said Monday, who has mod hair and bushy sideburns. "It's a refreshing season and I like the Cubs very much."

"I felt I hit the ball pretty well tonight, but I had only two good hits—a home run and a solid single to center," continued Monday who said the nippy weather didn't have any effect on him.

Monday ripped a double in the first inning as the Cubs tallied one run, then added two more in the second. He singled in the fifth and seventh and hit a homer in the ninth.

"Monday is one hell of a player," Chicago Manager Leo Durocher said.

While Monday led the offense, Ferguson Jenkins was holding the Reds scoreless...until the bottom of the ninth.

He sailed into the ninth with a three-hit shutout and wound up with a five-hitter. John Bench drove in Cincinnati's only run.

"I would say this was my best outing for the year for putting it altogether," said Jenkins, who made his first start ever against the Reds in Riverfront Stadium.

"The cold weather certainly didn't bother me."

Durocher said, "This was one of those games I was able to sit there and enjoy it. We got Ferg (Jenkins) an early lead and that was it. There was no way they were going to score more than a couple of runs off him. After the fifth inning, I knew he was home. He generally gets stronger at the finish."

Both clubs entered the game with 8-11 records and both stood 4 1/2 games out of first place in their respective divisions.

The loss was the third straight for Cincinnati which continues to be plagued by pitching problems. The team earned run average is over 5.00.

The clubs were to meet here this afternoon in the final game of the two-game set.

Nets Tie Up ABA Playoffs; Turn Back Pacers, 117-115

INDIANAPOLIS, Ind. (AP)—The home court advantage doesn't seem to mean much to the New York Nets and the Indiana Pacers.

Both teams won upset victories on their opponent's courts to move into the American Basketball Association championship playoff, now tied at one game apiece.

The Nets tied it here Tuesday night with a 117-115 victory over the Pacers. The victory came despite a scorching rally in which Indiana scored 16 straight points.

Now the series moves to New York for the third game Friday night and the fourth Monday night. However, neither coach feels the home court advantage will be any more for New York than it was for Indiana.

Pacer coach Bob Leonard said, "We're going to have to go out there and win a ball game or two. It's a five-game series."

He added, "Somebody's going to have to win three out of five."

Lou Carnesecca, Nets coach, said, "It's all even now, and I don't see where going home is going to be any big advantage to us. When you play Indiana and you get this far, it's just how you play the game, each game."

Both coaches said the key to Tuesday night's New York victory was the play of the Nets' guards, particularly Bill Melchioni.

Melchioni, who missed more than a month of the regular season with a broken bone in

his leg, hit 10 of 18 shots from the field and six of eight from the free throw line to total 26 points. He scored 17 in the second half.

Rookie John Roche hit eight of 15 field goal attempts, including a three-pointer and wound up with 18 points.

Rick Barry was the game's high scorer with 29 points, including 10 in the final period. His basket with 25 seconds remaining won the game. He

added a free throw with three seconds left.

Center Bill Paltz chipped in 18 points and 15 rebounds for the winners.

The Pacers were led by Roger Brown and George McGinnis with 22 each and Freddie Lewis with 21. McGinnis, who had 11 rebounds, got in foul trouble early in the fourth period and sat out the last 10 minutes of the game.

FUTURE GAMECOCK — Jack Brinker, Teays Valley grid star, signs a letter of intent with the University of South Carolina. His father, John Brinker, (left) and Viking coach Dick Kidwell (right) witness the signing. The 6-foot-2-inch, 230-pound griddler gained state recognition at Teays Valley and will perform at offensive guard or center for Coach Paul Dietzel's Gamecocks.

Westfall Bats Power Squad To Victories

Power hitting remains the key to the six victories the Westfall Mustangs have piled up this season with four swingers rapping the ball at better than a .400 clip.

Ted Musselman leads the parade with 14 hits in 29 times at bat for a torrid .483 average. Larry Harris and Mike Peterson both have 13 hits in 29 trips for an average of .448. Doug McKay has 12 hits out of 29 for .414 while Scott Riddle has rapped the ball 12 times in 39 plate appearances for an average of .308.

In the runs batted in department, Harris leads with 21. Musselman has 14. McKay has accounted for 11 and Peterson has plated 10 runners.

Pitching statistics show Musselman hurling 33 1-3 innings, allowing 13 earned runs, 31 hits, 24 walks and striking out 52 for a 3-2 record.

Peterson has been on the mound 16 innings, giving up four earned runs, 19 hits, nine walks, fanned 11 for a 2-1 mark.

Rick Stonerock has 18 2-3 innings on the hill. He has been touched for four runs, 16 hits, whiffed 14 and hasn't issued a free pass to gain a 1-1 record on the season.

Michigan State trackmen have won the Big Ten indoor mile relay title the last five years.

Cubs, Monday Stop Cincinnati In 7-1 Contest

CINCINNATI, Ohio (AP)—While the temperature dipped to about 40, Rick Monday biked his batting average about 40 points Tuesday night.

The Chicago centerfielder, acquired after last season from the Oakland Athletics, helped turn the cold night into a hot one for the Cubs as they routed Cincinnati 7-1. Monday registered four hits to raise his average from .348 to .385.

"All I think is that things are falling into place for me now," said Monday, who has mod hair and bushy sideburns. "It's a refreshing season and I like the Cubs very much."

"I felt I hit the ball pretty well tonight, but I had only two good hits—a home run and a solid single to center," continued Monday who said the nippy weather didn't have any effect on him.

Monday ripped a double in the first inning as the Cubs tallied one run, then added two more in the second. He singled in the fifth and seventh and hit a homer in the ninth.

"Monday is one hell of a player," Chicago Manager Leo Durocher said.

While Monday led the offense, Ferguson Jenkins was holding the Reds scoreless...until the bottom of the ninth.

He sailed into the ninth with a three-hit shutout and wound up with a five-hitter. John Bench drove in Cincinnati's only run.

"I would say this was my best outing for the year for putting it altogether," said Jenkins, who made his first start ever against the Reds in Riverfront Stadium.

"The cold weather certainly didn't bother me."

Durocher said, "This was one of those games I was able to sit there and enjoy it. We got Ferg (Jenkins) an early lead and that was it. There was no way they were going to score more than a couple of runs off him. After the fifth inning, I knew he was home. He generally gets stronger at the finish."

Both clubs entered the game with 8-11 records and both stood 4 1/2 games out of first place in their respective divisions.

The loss was the third straight for Cincinnati which continues to be plagued by pitching problems. The team earned run average is over 5.00.

The clubs were to meet here this afternoon in the final game of the two-game set.

Cage Merger Information Incomplete?

WASHINGTON (AP) — Two economists said Tuesday it was impossible to determine how much profit a professional basketball team is making without more detailed information on the club owner.

"Because of the differences in practice among teams in how the owners take their profits, and because of the difficulties with the data, the stated book profit figures are virtually meaningless," Roger Noll and Benjamin Okner told the Senate antitrust and monopoly subcommittee.

Appearing briefly to answer questions on testimony given last week, the economists, on leave from the Brookings Institution, said an owner's salary and the use of an automobile, if provided by the club, should be looked on as part of a team's profits.

They said most of the teams in the American Basketball Association and the National Basketball Association are making money, and only "a handful of teams" in the ABA are in danger of going under. But these teams, they said, couldn't make money if the players played for free because of a lack of attendance combined with high overhead.

Sen. Sam Ervin, D-N.C., chairman of the subcommittee holding hearings on a bill that would allow the two leagues to merge, said the subcommittee would adjourn subject to recall by the chairman.

Yaz Hurt In Game With Angels

ANAHEIM (AP) — Even when they win, the Boston Red Sox lose.

Rallying from a 3-0 deficit, the Sox caught California with three sixth-inning runs Tuesday night then beat the Angels on a pinch-hit single by Bob Burda in the eighth.

That was Boston's first triumph in four games and only No. 2 in the last nine games.

But Carl Yastrzemski, the super star outfielder, severely twisted his right knee while scoring the first Boston run of the game in the sixth. His spikes caught in the shin guard of California catcher Art Kushner and he was forced to leave the game.

"I twisted the heck out of it," Yastrzemski said after the game. "It's pretty wobbly right now but I can't tell how bad it is. We'll have to see about it tomorrow."

Yastrzemski, the highest paid player in the American League with an annual salary of \$165,000, was to be examined today by Dr. Jules Rasinski, the Angel team physician.

Throughout his brilliant career, Yaz has managed to avoid serious injury. "I don't think I've missed more than 15 games in the last seven years," he said.

Bengals Get Bob Bruggers In Trade For Ernie Wright

CINCINNATI (AP) — The Cincinnati Bengals of the National Football League have acquired veteran linebacker Bob Bruggers from San Diego for offensive tackle Ernie Wright.

The Bengals, who made the trade Tuesday, said that Bruggers has already signed with them and will be given an opportunity at all three line-backing positions.

Bruggers, 28, who stands 6-foot-1 and weighs 224, played for the Chargers the last three years but was sidelined for several games in 1971 with an arm injury. He was with the Miami Dolphins for three years before joining San Diego.

Wright, 32, had played eight years with the Chargers and the last four with Cincinnati. He was one of the original 40 players the Bengals obtained in the allocation draft in 1968 of the old American Football League.

A groin injury kept Wright out of several games in 1971. "Ernie served his stint with us in fine fashion and we wish him every success in San Diego," Cincinnati Coach Paul Brown said about the 6-foot-4, 270-pound Ohio State graduate.

"We made this trade because we felt Ernie is in the twilight of his career and because we have three young offensive tackles in Howard Fiest, Rufus Mayes and Vernon Holland," Brown added.

Hanley Leader In Bass Contest
Paul Hanley Jr. is the leader in the Biggest Bass Contest being sponsored by Mike's Retail Bait, 372 Weldon Ave.

Hanley has registered a big bass weighing 6 pounds 3 ounces he caught in the Canal using night crawlers for bait. The fish was 22 1/2 inches long and 16 1/2 inches in girth. The contest ends May 31.

Davis Loft Wins 1st Pigeon Race
Circleville Pigeon Club held its first race of the 1972 Old Bird Series Sunday from Maysville, Ky., with 173 birds from eight lofts competing in the 100-mile event.

Don Davis' loft won first place, bird and loft Derbys with a speed of 1698.587 yards per minute.

John Grabins' birds took second with 1695.078 YPM, Virgil Russell's third with 1685.581 YPM and Hager Blevins' loft was fourth in 1685.053 YPM.

Tourney At LEHS

Tidrow Boosts Tribe Over Kansas City, 2-1

By HIRSCH NISSENSEN
Associated Press Sports Writer
The baseball strike has been over less than a month but here comes Cleveland's Dick Tidrow starting work earlier so he can stick around longer.

That may violate the basic rules of unionism but Tidrow won't complain if his prescribed earlier warm-ups enable him to pitch better ... and longer. Tuesday night the rookie right-hander came with in one out of his first complete game in the major leagues as the Indians shaded the Kansas City Royals 2-1.

Elsewhere in the American League, Detroit downed the Chicago White Sox 5-2, Minnesota beat the New York Yankees 4-2, Oakland swept a twin-nighter from Milwaukee 10-2 and 3-0 and Boston edged California 4-3. Texas and Baltimore were rained out.

Tidrow, 26, 210 pounder who was 2-1 on Sunday, began warming up 10 minutes earlier than usual Tuesday night.

"His problem was the first or second inning," explained manager Ken Aspromonte. "He never had that trouble before. It had to be in his warm-ups. So we started early. Spahn (pitching coach Warren Spahn) stayed right with him and he threw hard for 25 minutes and we brought him right into the game. Maybe that's the secret. I hope so."

Tidrow couldn't have pitched much better. He had a two-hit shutout with two out in the ninth when Lou Piniella homered for Kansas City. After a walk and a single, Steve Minigori came on to get the last out.

Tidrow also delivered a two-out single in the eighth inning and Del Unser followed with a homer for the Cleveland runs. Piniella's home run ended a string of 34 scoreless innings by the Cleveland pitching staff.

The White Sox also ended a skein of 34 scoreless innings ... by their punchless hitters, not their pitchers. The two runs they scored in the ninth inning were too little and too late to prevent their third consecutive setback.

Ed Brinkman's run-scoring single and pitcher Joe Coleman's suicide squeeze bunt gave the Tigers a 2-0 lead in the seventh inning. They added a run in the eighth on Norm Ash's RBI single and two in the ninth on a single by Aurelio

Rodriguez and Bill Freehan's infield out.

Minnesota's Jim Kaat, the American league's winningest active pitcher, posted his 171st career triumph with help from Wayne Granger in the ninth as

the Twins downed the Yankees despite New York homers by Felipe Alou and Thurman Munson.

Winless Fritz Peterson was saddled with his fifth straight loss as the Twins scored three

times in the second inning on a walk, Bobby Darwin's double, an infield out, singles by Phil Roof and Kaat and Cesar Tovar's double.

The A's exploded for the biggest inning in their five-year

history in Oakland—10 runs in the fourth—and crushed the Brewers in their opener.

Jim Selton and Frank Linzy were the victims as Angel Mangual drove in three runs with a double and sacrifice fly

and Dave Duncan drove in two with a single. The wild inning included a wild throw by Linzy on a bunt by winning pitcher Ken Holtzman and an ensuing wild throw from right fielder Billy Conigliaro enabling two baserunners and Holtzman to circle the bases.

George Scott and Curt Motton homered for the Brewers, but they were blanked in the night.

The Circleville Herald, Wed. May 10, 1972 17
Circleville, Ohio

cap on five hits by Blue Moon gels 3-0—Bob Oliver homered for one California run—but tied the score with three in the fifth on a three-base error by left fielder Joe Lahoud, Bobby Brooks' infield hit and Mike Epstein's two-run single. The Red Sox trailed the An-

What is A Mother?

To her family, she's special.

She's understanding.

a banquet chef, a short order cook,

a fountain of love, a chauffeur,

warmth and security.

She's clean socks, starched dresses,

a mender of hurts.

She's scrubbed ears,

a tender nurse, a maid, a queen.

She deserves a day of honor and tribute.

She deserves the love of those she loves.

Yes, she's very, very special.

This Sunday, you'll tell your mother how much you care.

We'd like to tell all mothers, "We Care, too."

River Downs Race Fixing Claim Denied

CINCINNATI (AP)—The general manager of River Downs says he is "shocked" to hear accusations about race fixing at the track where a 50-day session opens Thursday.

Ken Plattner, general manager, said Tuesday he "vigorously" denies the allegations by Joseph Phillips, counsel for the U.S. House of Representatives Select Committee on Crime. Phillips said the committee had evidence of race fixing at River Downs.

"We have never had any trouble at this track the three years I've been here," Plattner said. "We have a very good security system here at River Downs and I have 100 per cent faith in it."

The committee currently has a total of 16 race tracks under investigation.

Paul Fleming, executive secretary of the Ohio State Racing Commission, said in a telephone interview Tuesday that his office has never received any concrete evidence of races being fixed at River Downs and was surprised that the track was connected with any such accusations.

"About two weeks ago, two members of the crime commission came to my office, but not once did they ever mention fixed races at River Downs," Fleming said, adding that the men were mostly interested in information about Sports Service, Inc. of Buffalo, N.Y.

Sports Service is the commissionaire at the track.

Lots Diller Wins 2nd Lebanon Race

LEBANON, Ohio (AP) — Lots Diller paid \$62.20 to win in the second race at Lebanon Raceway Tuesday night and completed a daily double worth \$211.

Lots Diller also returned \$13.80 and \$9.40. Apollo Meridale won the first race and paid \$4 to win.

A \$254.70 perfecta was registered on the combination of Spring Thunder and Bye Bye Prince.

Worldly Knight captured the featured eighth race by one length and paid \$4, \$2.40 and \$2.20. Carindal Song's place was good for \$3.20 and \$2.20 and showing was Vans Choice for \$2.20.

Tidrow Boosts Tribe Over Kansas City, 2-1

By RUSCHEL NISSENSEN
Associated Press Sports Writer

The baseball strike has been over less than a month but here comes Cleveland's Dick Tidrow starting work earlier so he can stick around longer.

That may violate the basic rules of unionism but Tidrow won't complain if his prescribed earlier warm-ups enable him to pitch better ... and longer. Tuesday night the rookie right-hander came with in one out of his first complete game in the major leagues as the Indians shaded the Kansas City Royals 2-1.

Elsewhere in the American League, Detroit downed the Chicago White Sox 5-2, Minnesota beat the New York Yankees 4-2, Oakland swept a two-nighter from Milwaukee 10-2 and 3-0 and Boston edged California 4-3. Texas and Baltimore were rained out.

Tidrow, 26, 210 pounder who was 2-0 on Sunday, began warming up 10 minutes earlier than usual Tuesday night.

"His problem was the first or second inning," explained manager Ken Aspromonte. "He never had that trouble before. It had to be in his warm-ups. So we started early. Spahn (pitching coach Warren Spahn) stayed right with him and he threw hard for 25 minutes and we brought him right into the game. Maybe that's the secret. I hope so."

Tidrow couldn't have pitched much better. He had a two-hit shutout with two out in the ninth when Lou Piniella homered for Kansas City. After a walk and a single, Steve Minori came on to get the last out.

Tidrow also delivered a two-out single in the eighth inning and Del Unser followed with a homer for the Cleveland runs. Piniella's home run ended a string of 34 scoreless innings by the Cleveland pitching staff.

The White Sox also ended a skein of 34 scoreless innings ... by their punchless hitters, not their pitchers. The two runs they scored in the ninth inning were too little and too late to prevent their third consecutive setback.

Ed Brinkman's run-scoring single and pitcher Joe Coleman's suicide squeeze bunt gave the Tigers a 2-0 lead in the seventh inning. They added a run in the eighth on Norm Ash's RBI single and two in the ninth on a single by Aurelio

Rodriguez and Bill Freehan's infield out.

Minnesota's Jim Kaat, the American league's winningest active pitcher, posted his 171st career triumph with help from Wayne Granger in the ninth as

the Twins downed the Yankees despite New York homers by Felipe Alou and Thurman Munson.

Winless Fritz Peterson was saddled with his fifth straight loss as the Twins scored three times in the second inning on a walk, Bobby Darwin's double, an infield out, singles by Phil Roof and Kaat and Cesar Tovar's double.

The A's exploded for the biggest inning in their five-year history in Oakland—10 runs in the fourth—and crushed the Brewers in their opener.

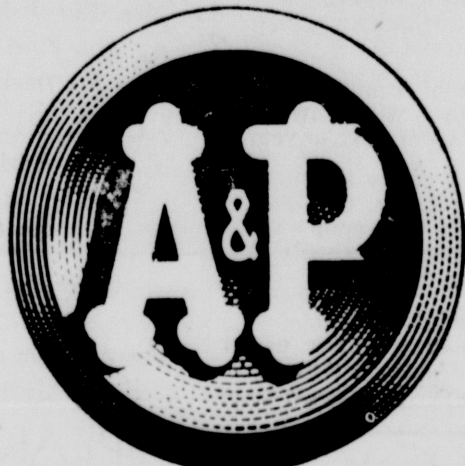

Jim Selton and Frank Linzy were the victims as Angel Mangual drove in three runs with a double and sacrifice fly

and Dave Duncan drove in two with a single. The wild inning included a wild throw by Linzy on a bunt by winning pitcher Ken Holtzman and an ensuing wild throw from right fielder Billy Conigliaro enabling two baserunners and Holtzman to circle the bases.

George Scott and Curt Motton homered for the Brewers, but they were blanked in the night-

we care

What is A Mother?

To her family, she's special.

She's understanding.

a banquet chef, a short order cook,

a fountain of love, a chauffeur,

warmth and security.

She's clean socks, starched dresses,

a mender of hurts.

She's scrubbed ears,

a tender nurse, a maid, a queen.

She deserves a day of honor and tribute.

She deserves the love of those she loves.

Yes, she's very, very special.

This Sunday, you'll tell your mother

how much you care.

We'd like to tell all mothers, "We Care, too."

River Downs Race Fixing Claim Denied

CINCINNATI (AP)—The general manager of River Downs says he is "shocked" to hear accusations about race fixing at the track where a 50-day session opens Thursday.

Ken Plattner, general manager, said Tuesday he "vigorously" denies the allegations by Joseph Phillips, counsel for the U.S. House of Representatives Select Committee on Crime. Phillips said the committee had evidence of race fixing at River Downs.

"We have never had any trouble at this track the three years I've been here," Plattner said. "We have a very good security system here at River Downs and I have 100 per cent faith in it."

The committee currently has a total of 16 race tracks under investigation.

Paul Fleming, executive secretary of the Ohio State Racing Commission, said in a telephone interview Tuesday that his office has never received any concrete evidence of races being fixed at River Downs and was surprised that the track was connected with any such accusations.

"About two weeks ago, two members of the crime commission came to my office, but not once did they ever mention fixed races at River Downs," Fleming said, adding that the men were mostly interested in information about Sports Service, Inc. of Buffalo, N.Y.

Sports Service is the concessionaire at the track.

Lots Diller Wins 2nd Lebanon Race

LEBANON, Ohio (AP)—Lots Diller paid \$62.20 to win in the second race at Lebanon Raceway Tuesday night and completed a daily double worth \$211.

Lots Diller also returned \$13.80 and \$9.40. Apollo Meridale won the first race and paid \$4 to win.

A \$254.70 perfecta was registered on the combination of Spring Thunder and Bye Bye Prince.

Worldly Knight captured the featured eighth race by one length and paid \$4, \$2.40 and \$2.20. Cardinal Song's place was good for \$3.20 and \$2.20 and showing was Vans Choice for \$2.20.

Downed U.S. Fliers React Normally, Doctor Reports

MIAMI (AP) — A study of some 200 American airmen rescued after they were shot down in Southeast Asia shows the majority reacted logically to the stress situations.

Dr. Anchar F. Zeller, an Air Force research scientist from Norton Air Force Base, Calif., said the responses of the downed fliers "ranged from optimism to sheer panic."

Zeller addressed the Aerospace Medical Association convention in Miami on Tuesday. The 200 fliers studied ranked from enlisted men to colonels, and 134 of them carried out precise, logical efforts to help rescuers, Zeller said.

Sixty-six showed abnormal reactions including deep depression and panic. Some yelled "into their microphones, bearing the rescue forces for real and imagined ineptness," he said.

Very few of the downed airmen showed much concern for food or water, Zeller said, and only four reported that they took time out to pray.

"But there were two fliers who just had to have a cigarette," he added.

Zeller said nearly all the airmen reported great discomfort from insect bites.

He said six of the 200 men were spotted by enemy forces and managed to escape, and two came face to face with the enemy and escaped.

The fliers escaped from their damaged aircraft in a number of ways. Some used ejection seats and others walked out on the wing and jumped, Zeller said.

Twelve of the 200 came down in trees and had to be rescued as they dangled from the branches in their parachute harnesses, he said.

One man was doubly lucky—or cursed, depending how you look at it, Zeller said.

"He was shot down, picked up, shot down and started all over again."

R. P. KAZMIERCZAK

Kazmierczak Promoted By Du Pont

R. P. Kazmierczak, 592 Mapleview Lane, has been promoted to research engineer in the Circleville DuPont Plant's Technical Section.

Kazmierczak started with DuPont in August of 1959 as an engineer in mechanical development group with the Yerkess Film Plant, Buffalo, N. Y.

He was promoted to foreman in the polyethylene department and then to shift supervisor in Tedlar.

In January of 1964 he was transferred to the Chestnut Run Laboratory Delaware, as engineering service supervisor. He was then made technical representative for the industrial sales department.

Kazmierczak was transferred to Circleville in November of 1968 as supervisor of quality assurance. He was subsequently named senior process engineer in the technical section.

He and his wife Marie, and children, Julie Ann, Laure Ann, Peter Andrew and Amy are members of St. Joseph's Catholic Church.

He is also a member of the Knights of Columbus, the AICHE professional society, Y Indian Guides and the Pickaway Country Club.

Antiwar . . .

(Continued from Page 1)

arrested several students on the campus. A Kent city policeman was among several persons injured Tuesday night when demonstrators threw rocks and bottle sa police.

The extent of injuries in the Kent incident was not immediately known. There were no arrests.

The Kent demonstrators, a splinter group which broke away from a mass demonstration on the Kent State University campus, dispersed after police fired two rounds of wooden pellets in the air and read the riot act.

Kent police said a car was damaged and a bank window broken during the protest by some 500 college-age persons.

Earlier in the event, 2,000 students gathered for a mass demonstration on the Kent State campus. But the majority of the students confined their protests to marches and "rap sessions."

At Miami University in Oxford, about 10 antiwar demonstrators camped on steps of the administration building and vowed a vigil would be kept there for three days, the period of time before the United States activates mines in North Vietnamese ports.

Miami President Philip Shriver told protesters he would not object to a request for use of class time for rap sessions or to hear speakers about the war if individual professors agreed.

About 125 students at the University of Cincinnati invaded the school's administration building for a sit-in Tuesday and said they would remain there overnight. However, all had left by late Tuesday night.

Denison University students planned a demonstration today at the Newark Air Force Station for the second day in a row. About 75 demonstrators blocked entrances to the facility Tuesday before police dispersed them.

Destroyers

(Continued from Page 1)

President Nixon's campaign to cut off the movement of war materials into North Vietnamese ports and out of them to the Communist forces in South Vietnam.

Hanoi claimed that two American destroyers were set afire by shore batteries while shelling "a number of populated areas in Haiphong" on Tuesday. U.S. military spokesmen said they had no reports of any 7th Fleet ships being hit.

U.S. photo-reconnaissance planes were keeping a close watch on Haiphong and the other ports, but sources declined to say what the photographs had disclosed.

In South Vietnam, more than 50 U.S. B-52 bombers dropped over 1,000 tons of bombs on North Vietnamese troop concentrations and staging areas threatening Hue in the north and Kontum City in the central highlands.

As the North Vietnamese offensive moved into its 42nd day, the heaviest ground fighting was reported in the central highlands. The South Vietnamese command said fighting raged for more than 24 hours at the Ben Het border camp and didn't break off until just before dawn today. The command claimed 100 North Vietnamese troops were killed and 11 tanks were destroyed.

Former Local Girl Is 'May Citizen'

Miss Hope Lynn Harris, daughter of Mr. and Mrs. Jerry Harris, Columbus, has been chosen citizen of the Month of May at Heilmann School Columbus.

She is a first grader and formerly a student at Monroe School. She is the granddaughter of Mr. and Mrs. Clyde E. Millin, Route 2, Williamsport, and the niece of Mr. and Mrs. Bill Pontious, Route 3.

Locals Attend GOP Victory Dinner

Attending the Key to Victory Dinner for Vice President, Spiro T. Agnew, Tuesday evening in Columbus were area members of the Central Ohio Republican organization: Judge William Ammer, Mrs. H. O. Caldwell, Bob Cole, Ned H. Dresbach, Thomas Elsea, Dave McDonald and Guy Sark.

City School Board Meets In Lengthy Session Tuesday

Maintaining roofs of district school buildings and properly insuring them, employment of new teachers and discussion about new programs to be started in the city education system occupied over three hours for Tuesday evening's meeting of the Circleville Board of Education.

The board welcomed guests Lawrence Johnson and Ken Snider, representatives of insurance groups and a roofing repair company, who gave the school board members a full explanation of planned projects and were offered an approving vote.

Johnson informed the board of preparation to renew the insurance held by the board on the buildings and equipment of the school district including the new additions at Nicholas Drive and the high school. He also noted that he had had the buildings reappraised for an up-to-date figure of their value.

For a summer roof refurbishing, the board offered a contract to J. E. Peters of Circleville for his apparent low

bid of \$5,374 to do work as prescribed by Snider at the junior high industrial arts and gymnasium roofs and at South Court elementary. The board asked for a 5-year written guarantee, which, if not agreed to by Peters, will mean the roofing contract will be offered to the next lowest bidder, a Columbus firm.

RESIGNATIONS were presented by Mrs. Sharon Roeser, Atwater; Claire Pfeffer, a teacher who was employed at the April meeting who has informed the board she would prefer to accept a graduate assistant position to complete her work toward a masters degree; Lois Straw, junior high English.

From non-certificated personnel, resignations were accepted from Mrs. Eleanor Lewis, part time custodial help at Mound Street; Mrs. Mary Miller, head cook at Mound St. (retirement); Stephen Confare, bus driver, effective May 5; Noble Barr, bus driver. Unless otherwise mentioned, all

resignations become effective at the end of the school year.

Mrs. Lois Brobst sought and was granted release from her duties as adviser to the high school SOS Club.

Employed as teachers for the coming school term were:

Dale Harger, bachelor degree from Wilmington College with no experience, junior high English, freshman football and assistant high school wrestling coach;

Thomas Cole, bachelor degree from Otterbein with no teaching experience, junior high history and football coach;

CAROLYN Roundhouse, a Circleville resident who recently earned a bachelor degree from Ohio University to teach junior high science;

Betty Dengler, bachelor degree from Ohio Northern, eight years teaching experience, elementary;

Marcia Kitain, bachelor degree from OSU with no experience, special education;

Mary Jean Layford, bachelor degree from Eastern Kentucky

University, no experience, elementary;

Linda Barnhill, bachelor degree from Ohio University, no experience, elementary;

Joyce Ann Miller, bachelor degree from Ohio U. with no experience, junior high English;

PATRICIA Ann Miller, master degree from Boston University, two years experience, elementary;

Daniel Alan Campbell, bachelor degree from OSU, no teaching experience, secondary English.

Doris Miller was hired as half-time cook at CHS and Frances Elsea as a teachers' aide at Corwin Elementary.

Board members authorized the purchase of a replacement sink for the Atwater cafeteria from General Hotel Supply Co. for the Atwater cafeteria for \$496. Items requested for the senior high science department, including a centrifuge, sphygmomanometer, a balance, electric steam generator, and mobile vivarium were also okayed.

Donald Metzler, elementary coordinator, told the board of the results of a two-year study to revise the elementary reading program in local schools and recommended adoption of a new reading program by Ginn. Also adopted was a new text for high school home economics, "Homemaking for Teenagers."

Purchase of a calculator at a cost of \$355 was approved. It will be used by both the high school business education department and guidance department.

TO continue upgrading of the junior high industrial arts program, the board cast an affirmative vote to purchase nearly \$450 worth of equipment. The purchase will include blacksmith tools and anvil for a new heat treating area, some welding equipment and miscellaneous supplies for small gas engine instruction.

Board members approved for graduation 215 students. Graduation will be an open air

affair this year, weather permitting. The students of the Class of '72 are planning graduation ceremonies at 2 p.m. May 28 on the high school athletic field.

It was also decided to continue the policy of mailing grade cards to students at the end of the school year. An early dismissal of one hour was authorized for the last day of school, June 1, to permit teachers additional time to begin work on end of year reports.

Among other matters decided by the board, Dave Horn was promoted to the position of Supervisor of Custodians in addition to his post as Maintenance Supervisor.

The board adjourned until noon May 31 when they will consider remaining teacher employment recommendations to the superintendent.

Present at the session were board president Dale DeLong, Mrs. Ruth Kraus, Robert Liggett and Forrest Brown.

City School Board Meets In Lengthy Session Tuesday

Maintaining roofs of district school buildings and properly insuring them, employment of new teachers and discussion about new programs to be started in the city education system occupied over three hours for Tuesday evening's meeting of the Circleville Board of Education.

The board welcomed guests Lawrence Johnson and Ken Snider, representatives of insurance groups and a roofing repair company, who gave the school board members a full explanation of planned projects and were offered an approving vote.

Johnson informed the board of preparation to renew the insurance held by the board on the buildings and equipment of the school district including the new additions at Nicholas Drive and the high school. He also noted that he had had the buildings reappraised for an up-to-date figure of their value.

For a summer roof refurbishing, the board offered a contract to J. E. Peters of Circleville for his apparent low

bid of \$5,374 to do work as prescribed by Snider at the junior high industrial arts and gymnasium roofs and at South Court elementary. The board asked for a 5-year written guarantee, which, if not agreed to by Peters, will mean the roofing contract will be offered to the next lowest bidder, a Columbus firm.

RESIGNATIONS were presented by Mrs. Sharon Roeser, Atwater; Claire Pfeffer, a teacher who was employed at the April meeting who has informed the board she would prefer to accept a graduate assistant position to complete her work toward a masters degree; Lois Straw, junior high English.

From non-certificated personnel, resignations were accepted from Mrs. Eleanor Lewis, part time custodial help at Mound Street; Mrs. Mary Miller, head cook at Mound St. (retirement); Stephen Confare, bus driver, effective May 5; Noble Barr, bus driver. Unless otherwise mentioned, all

resignations become effective at the end of the school year.

Mrs. Lois Brobst sought and was granted release from her duties as adviser to the high school SOS Club.

Employed as teachers for the coming school term were:

Dale Harger, bachelor degree from Wilmington College with no experience, junior high English, freshman football and assistant high school wrestling coach;

Thomas Cole, bachelor degree from Otterbein with no teaching experience, junior high history and football coach;

CAROLYN Roundhouse, a Circleville resident who recently earned a bachelor degree from Ohio University to teach junior high science;

Betty Dengler, bachelor degree from Ohio Northern, eight years teaching experience, elementary;

Marcia Kitain, bachelor degree from OSU with no experience, special education;

Mary Jean Layford, bachelor degree from Eastern Kentucky

University, no experience, elementary;

Linda Barnhill, bachelor degree from Ohio University, no experience, elementary;

Joyce Ann Miller, bachelor degree from Ohio U. with no experience, junior high English;

PATRICIA Ann Miller, master degree from Boston University, two years experience, elementary;

Daniel Alan Campbell, bachelor degree from OSU, no teaching experience, secondary English.

Doris Miller was hired as half-time cook at CHS and Frances Elsea as a teachers' aide at Corwin Elementary.

Board members authorized the purchase of a replacement sink for the Atwater cafeteria from General Hotel Supply Co. for \$196. Items requested for the senior high science department, including a centrifuge, sphygmomanometer, a balance, electric steam generator, and mobile vivarium were also okayed.

Donald Metzler, elementary coordinator, told the board of the results of a two-year study to revise the elementary reading program in local schools and recommended adoption of a new reading program by Ginn. Also adopted was a new text for high school home economics, "Homemaking for Teenagers."

Purchase of a calculator at a cost of \$355 was approved. It will be used by both the high school business education department and guidance department.

TO continue upgrading of the junior high industrial arts program, the board cast an affirmative vote to purchase nearly \$450 worth of equipment. The purchase will include blacksmith tools and anvil for a new heat treating area, some welding equipment and miscellaneous supplies for small gas engine instruction.

Board members approved for graduation 215 students. Graduation will be an open air

affair this year, weather permitting. The students of the Class of '72 are planning graduation ceremonies at 2 p.m. May 28 on the high school athletic field.

It was also decided to continue the policy of mailing grade cards to students at the end of the school year. An early dismissal of one hour was authorized for the last day of school, June 1, to permit teachers additional time to begin work on end of year reports.

Among other matters decided by the board, Dave Horn was promoted to the position of Supervisor of Custodians in addition to his post as Maintenance Supervisor.

The board adjourned until noon May 31 when they will consider remaining teacher employment recommendations by the superintendent.

Present at the session were board president Dale DeLong, Mrs. Ruth Kraus, Robert Liggett and Forrest Brown.
